New 2006 Payment Rate for Services Paid Under the Medicare Physician Fee Schedule

CMS has issued the following “*Medlearn Matters... Information for Medicare Providers*” article.

Provider Types Affected

Physicians, suppliers, and providers billing Medicare contractors (carriers, regional home health intermediaries (RHHIs), and/or fiscal intermediaries (FIs)) for services paid under the Medicare Physician Fee Schedule (MPFS) provided to Medicare beneficiaries

Important Points to Remember

- This article is based on Change Request (CR) 4313, which states that Congress has amended the physician update from a negative 4.4 percent (-4.4%) update to a zero-percent (0%) update for services provided on or after January 1, 2006, and paid under the Medicare Physician Fee Schedule (MPFS).
- Within two days of the enactment of the new legislation, Medicare contractors (i.e., carriers, FIs, and RHHIs) will begin to automatically reprocess those claims paid at the -4.4% update.
- New MPFS fees will be posted on the carrier sites as soon as possible after the President signs the bill. Your carrier may charge a reasonable fee for mailing a hardcopy version of the MPFS if you choose not to access the MPFS via the Internet.
- The Centers for Medicare & Medicaid Services (CMS) will create another participation enrollment period that will begin after the President signs the bill and the enrollment period will run for 45 days.

Background

Congress has passed the Deficit Reduction Act (DRA) of 2005, which, among other things, changes the update to the 2006 conversion factor for services paid under the Medicare Physician Fee Schedule (MPFS). The DRA replaces the previously announced -4.4 percent reduction with a zero-percent increase for services paid under the MPFS. The change is effective retroactive for service on or after January 1, 2006.

Because of the change in the 2006 MPFS rates, CMS will create another participation enrollment period that will run for 45 days. More specific information concerning a second participation enrollment period will be appear in a forthcoming change request (CR) and related *Medlearn Matters* article.

This CR only addresses the change in payment rates related to the new zero percent update to the conversion factor and reprocessing of claims that were paid using the -4.4 percent update rates.

Claims processed with the -4.4 percent rates will be reprocessed with the new rates and adjustments will be made. Medicare contractors will complete the necessary adjustments no later than July 1, 2006. In the event your claims are not adjusted by your carrier/FI/RHHI, contact them to bring the issue to their attention and they will make the adjustments.

Note: Services not paid under the MPFS, i.e., DME, Lab, ambulance etc., are not affected by CR4313.

Implementation

Medicare carriers and intermediaries will have two business days from the date of enactment of the Deficit Reduction Act to begin to process claims using the new fees as well as to begin reprocessing claims using those new fees.

HOW TO READ THE 2006 LOCALITY FEE SCHEDULE FOR PHYSICIANS AND NONPHYSICIANS

The 2006 locality fee schedule updates the 2005 locality fee schedule. Fees for injectable drugs, prevailing fees, carrier priced codes (codes for which the carrier develops pricing), noncovered and bundled procedure codes **are not** included with the locality fee schedule. These procedure codes and fees will be published in a special edition of the *Medicare B Update!*

The locality fee schedule is designed to advise physicians, nonphysician practitioners, and suppliers whose payments are linked to the fee schedule of how much Medicare will allow for covered services paid from the physician fee schedule. The locality fee schedule also informs nonparticipants how much they can legally charge when filing an unassigned claim beginning January 1, 2006. Medicare's allowed amount is the lower of the actual charge or the fee schedule amount. The services are listed by *CPT* and Level II (alpha-numeric) procedure codes and modifiers, where applicable. The 2006 HCPCS coding update was used. A brief explanation of each field on the form follows:

PAR ANESTHESIA	These are the physician anesthesia conversion factors for participating providers for services rendered on or after January 1, 2006.
NONPAR ANESTHESIA	These are the physician anesthesia conversion factors for nonparticipating providers for services rendered on or after January 1, 2006. The conversion factors for nonparticipating providers are 5% less than those for participating providers.
NON-MEDICALLY DIRECTED CRNA	These are the non-medically directed anesthesia conversion factors for Certified Registered Nurse Anesthetists (CRNAs) for services rendered on or after January 1, 2006. For 2006, the conversion factors for non-medically directed CRNAs are identical to the participating physician conversion factors.
CODE/MOD	The procedure code and modifier (if applicable) used to document the service rendered. Procedure codes which can be defined into separate professional, technical, or global components will have a 26 modifier denoting the professional component and a TC modifier denoting the technical component. For procedures with no modifier, this indicates one of two things; either the entry with no modifier represents the GLOBAL component for a procedure code which can be defined as global, professional, or technical; or that the procedure by descriptor represents either a technical, a professional, or a global service which cannot be further defined with separate components.
PAR FEE SCHEDULE	This is the physician fee schedule amount for participating providers for a service rendered on or after January 1, 2006. For 2006, the Medicare Fee Schedule is calculated at the full fee schedule amount.
NONPAR FEE SCHEDULE	This is the physician fee schedule amount for nonparticipating providers for a service rendered on or after January 1, 2006. Fee schedule amounts for nonparticipating providers are 5% less than those for participating providers. The 5% participating versus nonparticipating payment differential, previously applicable only to physician fee schedule services billed by a physician, now applies to all services paid for under the physician fee schedule, regardless of what entity bills for the service.
LIMITING CHARGE	For providers who are nonparticipating effective January 1, 2006 or after, this amount represents the limit that can legally be charged on an unassigned claim to Medicare beneficiaries. Such limits are not applicable to charges made by participating physicians, nor for any services billed on an assigned basis by nonparticipating physicians. Limiting Charges are not used to determine the payment allowance, but are intended to minimize beneficiary liability on unassigned claims. For 2006, limiting charges are calculated at 115% of the nonparticipating fee schedule amount, rounded to the nearest penny. Please note that the 115% amount is a cap. Where special payment reductions are used in calculating the actual allowed amount, the limiting charge is equal to 115% of the calculated allowed amount.
LOCALITY	The geographic area based on the location of your practice. For 2006 Florida maintains three (3) payment localities (01/02, 03, 04). A listing of the counties reflecting each payment locality is provided for your information.
FACILITY FEE SCHEDULE	(Formerly referred to as site of service) Fee schedule and limiting charge amounts shown with the single asterisk () indicate the facility fee payment amount. These services are primarily rendered in an inpatient or outpatient hospital setting, emergency room-hospital, ambulatory surgical center, skilled nursing facility, inpatient psychiatric facility, and comprehensive inpatient or outpatient rehabilitation facility.
NON-FACILITY FEE SCHEDULE	Fee schedule and limiting charge amounts shown without an asterisk (*) indicate the non- facility fee payment amount. These services are primarily rendered in the physician's office or laboratory.

MEDICARE PART B SPECIALTY DISCLOSURE

Specialty 05 Anesthesiology Fee Screen Year 2006 Effective January 1, 2006

The conversion factors for use in calculating payment for anesthesia services (procedure codes 00100 through 01999) for calendar year 2006 are as follows:

LOCALITY	PARTICIPATING PHYSICIAN	NONPARTICIPATING PHYSICIAN
01/02	17.21	16.35
03	17.96	17.06
04	18.92	17.97

The conversion factors for 2006 for **non-medically directed** Certified Registered Nurse Anesthetists (CRNAs) are identical to the participating physician anesthesia conversion factors for each payment locality.

The conversion factors for 2006 for **medically directed** CRNAs (for both physician medical direction and medically directed CRNAs) are based on 50 percent of the sum of the anesthesia base units and time units, multiplied by the appropriate participating physician locality conversion factor (i.e., 50% of the sum of (base units + time units) X locality conversion factor = anesthesia allowance). The medical direction 50% payment policy applies if both a CRNA (or anesthesia assistant) and an anesthesiologist are involved with the same case.

The **limiting charge** for **unassigned anesthesia services** is determined as follows:

Step 1 Determine the allowance for the anesthesia service

Use this formula for physician personally performed services -
(base units + time units) X nonparticipating physician locality conversion factor

Use this formula for the physician's claim* for physician medical direction services -
[.5 X (base units + time units)] X nonparticipating physician locality conversion factor

Step 2 Multiply the result of the above calculation by 1.15 to determine limiting charge.

**Note: limiting charge does not apply to CRNA or anesthetist claims; assignment is mandatory on these claims.*
