Announcement About Medicare Participation for 2003

We have great news to share with physicians and other practitioners throughout the country. As you know, CMS was scheduled to implement a negative 4.4 percent update effective March 1, 2003. CMS has worked with Congress for many months in an effort to correct a defect in the formula generated in part by unanticipated changes in economic conditions. We are pleased to announce that Congress has acted—this flaw will be corrected and, instead of a negative 4.4 percent update, we are now preparing to implement a positive 1.6 percent update effective March 1, 2003.

Medicare remains a lifeline to millions of seniors and disabled Americans, and your commitment and participation in the Medicare program make this lifeline possible. We hope that you will keep this in mind as you make your decision regarding your participation in 2003.

All physicians and practitioners now have until April 14, 2003, to make their 2003 Medicare participation decisions.

As stated above, the 2003 Participation Enrollment Period is being extended an additional 45 days from March 1, 2003 to April 14, 2003, in order to allow physicians/practitioners an opportunity to make changes to their participation status. The participation period is the period of time in which providers can elect to participate in Medicare or to change their enrollment status. Any change in the participation status made during this period will be effective March 1, 2003. Any change to the participation status made before March 1, is effective back to January 1, 2003.

Reminder: Claims paid under the Medicare Physician Fee Schedule (MPFS) with dates of service January 1 through February 28, 2003, that are processed after March 1, will pay at the new 2003 rate. However, these claims containing 2003 MPFS services will be automatically adjusted in July to be paid correctly at the 2002 rate. Please note that some overpayments may result due to these adjustments and they will be recouped using normal procedures. Calendar year 2003 payment amounts for all services not paid under the MPFS are effective January 1, 2003.

Announcement

About Medicare Participation for Calendar Year 2003

Medicare remains a lifeline to millions of seniors and your commitment and participation in the Medicare program makes this lifeline possible. Unfortunately, under current law, the 2003 fee schedule currently scheduled for implementation on January 1, 2003, includes a negative update. This negative update reflects a defect in the formula generated by unanticipated changes in economic conditions. Regrettably, CMS does not have the legal authority to correct this flaw.

The Administration has worked with Congress throughout 2002 to correct this defect, which results in the reduction in physician payments. We, however, are optimistic that Congress will act before the end of the year. Despite these uncertainties, we hope that you will choose to participate in the Medicare program in 2003, and into the future. We remain committed to working with Congress to make the necessary technical corrections as soon as possible and we hope you will make your decision with this commitment in mind.

All physicians, practitioners and suppliers must make their calendar year (CY) 2003 Medicare participation decision by December 31, 2002.

To sign a participation agreement is to agree to accept assignment for all covered services that you provide to Medicare patients in CY 2003.

WHY PARTICIPATE?

If you bill for physicians' professional services, services and supplies (such as drugs and biologicals) provided incident to physicians' professional services, outpatient physical and occupational therapy services, diagnostic tests, and radiology services, your Medicare fee schedule amounts are 5 percent higher if you participate.

Also, regardless of the Medicare Part B services for which you are billing, participants have "one stop" billing for beneficiaries who have nonemployment-related Medigap coverage and who assign both their Medicare and Medigap payments to participants. After we have made payment, we automatically send the claim on to the Medigap insurer for payment of all coinsurance and deductible amounts due under the Medigap policy. The Medigap insurer must pay the participant directly.

The number of physicians, practitioners and suppliers who choose to participate in Medicare continues to grow. During CY 2002, 89.3 percent of all physicians, practitioners and suppliers are billing under signed Medicare participation agreements - this was a 0.6 percent increase over the number of CY 2001 participants.

WHAT TO DO

If you choose to be a participant in CY 2003:

- Do nothing if you are currently participating, or
- If you are not currently a Medicare participant, complete the blank agreement enclosed and mail it (or a copy) to each carrier to which you submit Part B claims. (On the form show the name(s) and identification number(s) under which you bill.)

If you decide not to participate in CY 2003:

- Do nothing if you are currently not participating, or
- If you are currently a participant, write to each carrier to which you submit claims, advising of your termination effective January 1, 2003. This written notice must be postmarked prior to January 1, 2003.

Hold onto this announcement during this enrollment period. You may want to refer to it again before making your decision regarding Medicare participation for CY 2003.

We hope you will decide to be a Medicare participant in CY 2003.

Please call our Provider Customer Service department at (877) 847-4992 if you have any questions or need further information on participation.

2003 FACT SHEET

FOR PHYSICIANS AND OTHER PROVIDERS: KEY NEWS FROM MEDICARE FOR 2003

Billing and business staff: Please share this with physicians and other providers.

1. Good News: No Flu Vaccine Shortages or Delays Anticipated

The Centers for Disease Control and Prevention (CDC) report that they do not anticipate influenza vaccine shortages or delays. Manufacturers of the vaccine are currently meeting their production goals. To date, 94.9 million doses have been produced, which exceeds the 87.7 million doses that were produced in the 2001-02 influenza season. The vaccine is expected to be available in October. Influenza vaccine for the 2002-03 influenza season is still available for purchase. Health care providers who have not ordered influenza vaccine should do so as soon as possible to ensure timely receipt of the vaccine. We also note that Medicare payment for administration of the flu vaccine will be increasing in 2003.

2. Immunization Administration

CPT code 90471 is used for immunization administration and *CPT* code 90472 is used for each additional vaccine. Payment under the physician fee schedule for CY 2003 will nearly double for *CPT* code 90471 and will be slightly reduced for *CPT* code 90472. Since *CPT* code 90472 must be billed in conjunction with *CPT* code 90471, the total payment for these procedures will increase when billed together.

3. Now Is the Time to Become HIPAA-Compliant

Two major Administrative Simplification provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) go into effect in 2003. Compliance with the privacy regulations is required beginning April 14, 2003 and the last date for compliance with the standard transactions and code sets regulations is October 16, 2003. In addition, as part of the Administrative Simplification Compliance Act (ASCA), Medicare will not accept paper claims after October 16, 2003; however, there are a few exceptions to this provision, including for small providers and for providers having no method available to submit claims electronically. Now is the time to ensure you will be ready! The Department of Health and Human Services has resources available. Visit the Web site at www.cms.hhs.gov/hipaa. Your Medicare carrier or fiscal intermediary can also provide you with information about the transactions and code sets standards and can help you begin to test your HIPAA transactions early to ensure you are compliant.

4. Medicare and You 2003

The national edition of Medicare and You 2003 will be available for order after October 1, 2002. Call 1-800-MEDICARE (1-800-633-4227) to request up to 25 copies, or fax an order to 410-786-1905 for more than 25 copies.

5. Medicare Physician Web Site

A physician Web page is now available on the CMS Web site at <http://cms.hhs.gov/physicians/>. The page includes links to general information on enrollment, billing, conditions of participation, publications, education, training, data, and statistics. There are also links to specific information on the physician fee schedule, the Practicing Physicians Advisory Council (PPAC), the Physician Regulatory Issues Team (PRIT), Medicare payments, and the participating physician directory. We continue to work on improvements and will be soliciting feedback to make the page as comprehensive and as easy to navigate as possible.

6. Relevant Medicare Patient Brochures That May Be Of Interest to Physicians

There are a variety of brochures that physicians might find helpful to address frequently asked coverage-related questions. These include: Medicare and Your Mental Health Benefits (Publication #10184), Women with Medicare: Visiting Your Doctor for a Pap Test, Pelvic Exam, and Clinical Breast Exam (Publication #02248), Medicare Preventive Services: To Help Keep You Healthy (Publication # 10110) and Choosing Long-Term Care: A Guide for People with Medicare (Publication #02223). Publications newly available this year includes: Medicare Coverage of Diabetes Supplies and Services (Publication# 11022) and Medicare Coverage of Ambulance Services (Publication # 11021-will be available late Fall). A complete listing of all publications for beneficiaries is available at www.medicare.gov. Many publications are available in different languages and formats including: Braille, Spanish, Chinese, Audiocassette, and Large Print. To order copies for your office, fax your request to (410) 786- 1905, and include the name of a contact person, phone number, and mailing address (No P.O. Boxes please).

7. Medicare Learning Network Web Site

The Medicare Learning Network Web site, which is located at <http://cms.hhs.gov/medlearn>, is the Internet gateway to all of the educational information, products and services that are created by CMS and its contractors. This Web site allows Medicare providers to quickly obtain information they need to successfully navigate the Medicare program. It provides: quick reference guides, Web-based training modules, videos, publications, training materials, provider education events with on-line registration, questions and answers, and links to Medicare contractors. Bookmark and visit the Medicare Learning Network Web site frequently as it is continually being updated to bring you the most accurate and up-to-date information possible.

8. Medicare Coverage Information

Medicare's coverage rules are written in many types of documents located across multiple Web sites. Currently, National Coverage Determinations (NCDs) are located on *cms.hhs.gov*; Local Medical Review Policies (LMRPs) are located on *lmp.net*; and contractor articles and Frequently Asked Questions (FAQ's) are located on individual contractor Web sites. The CMS has undertaken an effort to build a single access to Medicare coverage information. When finished, the *cms.hhs.gov* Web site will allow users to search across NCDs, LMRPs, and contractor articles/FAQs from a single point of entry. The Web site pages will be released in December 2002.

9. Advance Beneficiary Notices (ABNs)

The new ABN standard form, CMS-R-131, has been published and must be used on and after October 1, 2002. For replicable ABN forms and information on how to properly use an ABN, see our ABN Quick Reference Guide on our Medlearn Web site at <http://cms.hhs.gov/medlearn/refabn.asp>.

10. Drugs Furnished Incident to a Physician's Professional Services

We allow payment for certain injectable drugs furnished incident to a physician's service if the drug is not usually self-administered by Medicare beneficiaries. Contact your local carrier for more information.

11. Filing of Appeals on Initial Claim Determinations

As mandated by section 521 of the Benefits Improvement and Protections Act of 2000, effective October 1, 2002, physicians and other suppliers that wish to appeal an initial claim determination must file their appeal within 120 days of the initial determination. This represents an increase of 60 days for an appeal of a Medicare Part A claim and a decrease of 60 days for an appeal of a Medicare Part B claim.

12. CMS Publishes Nursing Home Quality Measures

In April 2002, CMS started publishing new nursing home quality measures on its consumer Web site at Nursing Home Compare on www.medicare.gov. The release was initially limited to six pilot states and starting in October will be expanded nationally. The quality data will enable beneficiaries, their caregivers, and families to choose nursing homes based, in part, on information relevant to both long (chronic) and short stays (typically Medicare-covered). The measures represent the best available science and include risk adjustment methodology. This quality data is one source of information for consumers to use in choosing a nursing home. We encourage consumers to review the other data on the nursing home site, and to visit nursing homes in person before selection. Additionally, quality improvement organizations in each State will be assisting nursing homes to use the data to implement quality improvement strategies. For more information about the pilot go to the www.cms.hhs.gov Web site, specifically the Nursing Home Quality Initiative.

13. Data Will Help Home Health Agencies Improve Care

The CMS is implementing the Outcomes Based Quality Improvement (OBQI) System for Home Health Agencies (HHAs). The CMS contractors will offer HHAs OBQI training and technical assistance that will assist HHAs in interpreting outcome reports, target outcomes for improvement, and develop and implement plans to improve these outcomes. The CMS will maintain a Home Health OBQI Clearinghouse Web site at www.obqi.org, which will contain continuously updated literature, and administrative and clinical enhancements to home health care.

Other Physician Fee Schedule Information

Revisions to the 2003 Medicare Physician Fee Schedule affect the amount you will receive when providing services to a Medicare beneficiary. Below is a summary of the major changes effective January 1, 2003, as well as other useful information. Full physician fee schedule information is attached.

14. Medicare Qualifications For Clinical Nurse Specialists

The definition of a clinical nurse specialist (CNS) has been revised to include individuals certified as a clinical nurse specialist by a national certifying body that has established standards for clinical nurse specialists and that is approved by the Secretary. This revision is consistent with the certification criteria for nurse practitioners and will potentially enable CNSs who specialize in fields such as oncology, critical care, or rehabilitation to qualify as a CNS for Medicare purposes.

15. Telehealth Services

Effective October 1, 2001, Medicare Part B coverage was expanded to include office or other outpatient visits, professional consultation, individual psychotherapy, and pharmacologic management via telehealth in rural Health Professional Shortage Areas and non-Metropolitan Statistical Area Counties. A process has been established, as required by the law, to add or delete services to the list of Medicare telehealth services included in the physician fee schedule. In addition, a psychiatric diagnostic interview examination has been added to the list of Medicare telehealth services for CY 2003.

16. Enrollment of Physical and Occupational Therapists as Therapists in Independent Practice

We have revised the regulations at sections 410.59 and 410.60 to allow enrollment of therapists as physical or occupational therapists in private practice when they are employed by physician groups. We believe that this reflects actual practice patterns, will permit more flexible employment opportunities for therapists and also increases beneficiaries' access to therapy services, particularly in rural areas.

HOW TO READ THE 2003 LOCALITY FEE SCHEDULE FOR PHYSICIANS AND NONPHYSICIANS

The 2003 locality fee schedule updates the 2002 locality fee schedule. Fees for injectable drugs, prevailing fees, carrier priced codes (codes for which the carrier develops pricing), noncovered and bundled procedure codes **are not** included with the locality fee schedule. These procedure codes and fees will be published in a special edition of the *Medicare B Update!* Also enclosed is pertinent information regarding ordering the fee schedule in booklet format, plus a list of Current Procedural Terminology (CPT) and Healthcare Common Procedure Coding System (HCPCS) codes deleted for 2003, and a list of the counties reflecting each payment locality.

The locality fee schedule is designed to advise physicians, nonphysician practitioners, and suppliers whose payments are linked to the fee schedule of how much Medicare will allow for covered services paid from the physician fee schedule. The locality fee schedule also informs nonparticipants how much they can legally charge when filing an unassigned claim beginning January 1, 2003. Medicare's allowed amount is the lower of the actual charge or the fee schedule amount. The services are listed by CPT and Level II (alpha-numeric) procedure codes and modifiers, where applicable. The 2003 HCPCS coding update was used. A brief explanation of each field on the form follows:

PAR ANESTHESIA	These are the physician anesthesia conversion factors for participating providers for services rendered on or after January 1, 2003.
NONPAR ANESTHESIA	These are the physician anesthesia conversion factors for nonparticipating providers for services rendered on or after January 1, 2003. The conversion factors for nonparticipating providers are 5% less than those for participating providers.
NON-MEDICALLY DIRECTED CRNA	These are the non-medically directed anesthesia conversion factors for Certified Registered Nurse Anesthetists (CRNAs) for services rendered on or after January 1, 2003. For 2003, the conversion factors for non-medically directed CRNAs are identical to the participating physician conversion factors.
CODE/MOD	The procedure code and modifier (if applicable) used to document the service rendered. Procedure codes which can be defined into separate professional, technical, or global components will have a 26 modifier denoting the professional component and a TC modifier denoting the technical component. For procedures with no modifier, this indicates one of two things; either the entry with no modifier represents the GLOBAL component for a procedure code which can be defined as global, professional, or technical; or that the procedure by descriptor represents either a technical, a professional, or a global service which cannot be further defined with separate components.
PAR FEE SCHEDULE	This is the physician fee schedule amount for participating providers for a service rendered on or after January 1, 2003. For 2003, the Medicare Fee Schedule is calculated at the full fee schedule amount.
NONPAR FEE SCHEDULE	This is the physician fee schedule amount for nonparticipating providers for a service rendered on or after January 1, 2003. Fee schedule amounts for nonparticipating providers are 5% less than those for participating providers. The 5% participating versus nonparticipating payment differential, previously applicable only to physician fee schedule services billed by a physician, now applies to all services paid for under the physician fee schedule, regardless of what entity bills for the service.
LIMITING CHARGE	For providers who are nonparticipating effective January 1, 2003 or after, this amount represents the limit that can legally be charged on an unassigned claim to Medicare beneficiaries. Such limits are not applicable to charges made by participating physicians, nor for any services billed on an assigned basis by nonparticipating physicians. Limiting Charges are not used to determine the payment allowance, but are intended to minimize beneficiary liability on unassigned claims. For 2003, limiting charges are calculated at 115% of the nonparticipating fee schedule amount, rounded to the nearest penny. Please note that the 115% amount is a cap. Where special payment reductions are used in calculating the actual allowed amount, the limiting charge is equal to 115% of the calculated allowed amount.
LOCALITY	The geographic area based on the location of your practice. For 2003, Florida maintains three (3) payment localities (01/02, 03, 04). A listing of the counties reflecting each payment locality is provided for your information.
FACILITY FEE SCHEDULE	(Formerly referred to as site of service) Fee schedule and limiting charge amounts shown with the single asterisk () indicate the facility fee payment amount. These services are primarily rendered in an inpatient or outpatient hospital setting, emergency room-hospital, ambulatory surgical center, skilled nursing facility, inpatient psychiatric facility, and comprehensive inpatient or outpatient rehabilitation facility. See "Place of Service Code Sets" (next page).
NON-FACILITY FEE SCHEDULE	Fee schedule and limiting charge amounts shown without an asterisk (*) indicate the non-facility fee payment amount. These services are primarily rendered in the physician's office or laboratory.

MEDICARE PART B SPECIALTY DISCLOSURE

Specialty 05 Anesthesiology Fee Screen Year 2003 Effective March 1, 2003

The conversion factors for use in calculating payment for anesthesia services (procedure codes 00100 through 01999) for calendar year 2003 are as follows:

LOCALITY	PARTICIPATING PHYSICIAN	NONPARTICIPATING PHYSICIAN	NON-MEDICALLY DIRECTED CRNA
01/02	16.92	16.07	16.92
03	18.12	17.21	18.12
04	19.26	18.30	19.26

The conversion factors for 2003 for **non-medically directed** Certified Registered Nurse Anesthetists (CRNAs) are identical to the participating physician anesthesia conversion factors for each payment locality.

The conversion factors for 2003 for **medically directed** CRNAs (for both physician medical direction and medically directed CRNAs) are based on 50 percent of the sum of the anesthesia base units and time units, multiplied by the appropriate participating physician locality conversion factor (i.e., 50% of the sum of (base units + time units) X locality conversion factor = anesthesia allowance). The medical direction 50% payment policy applies if both a CRNA (or anesthesia assistant) and an anesthesiologist are involved with the same case.

The **limiting charge** for **unassigned anesthesia services** is determined as follows:

Step 1 Determine the allowance for the anesthesia service

Use this formula for physician personally performed services -
(base units + time units) X nonparticipating physician locality conversion factor

Use this formula for the physician's claim* for physician medical direction services -
[.5 X (base units + time units)] X nonparticipating physician locality conversion factor

Step 2 Multiply the result of the above calculation by 1.15 to determine limiting charge.

**Note: limiting charge does not apply to CRNA or anesthetist claims; assignment is mandatory on these claims.*
