Sobre la Participación en Medicare durante el Año Calendario 2007

La cobertura de Medicare para el cuidado preventivo está mejor que nunca y estamos tomando pasos adicionales para el 2007.

En el 2007 añadiremos la exploratoria para el aneurisma aórtico abdominal a la lista creciente de servicios preventivos cubiertos por Medicare. Según lo requiere el Deficit Reduction Act (DRA), este beneficio de exploratoria incluirá un sonograma exploratorio (uno (1) por vida) para aquellas personas que aprovechen la oportunidad del beneficio de la Evaluación Física Inicial Preventiva (Bienvenidos a Medicare) como también de la educación, consejería y los servicios para referidos. También estamos implementando una estipulación en el DRA que exime del deducible de la Parte B al beneficio de exploratoria para el cáncer colorectal. De esta manera se elimina una barrera económica para el uso de este beneficio.

Además, en el 2007 hemos revisado las unidades de valor relativo (RVUs, por sus siglas en inglés) en más de 400 servicios, para así reflejar mejor el trabajo y el tiempo requerido del médico cuando ofrece un servicio. También modificamos la manera de calcular la porción de gastos de práctica en los pagos de las tarifas fijas para médicos.

Las tarifas fijas del 2007 para médicos, actualmente incluyen una actualización negativa de 5.1 por ciento (-5.1 %). La actualización se requiere por ley en el 2007 porque los gastos en los servicios médicos y otros servicios de la Parte B se han incrementado en una tasa más alta que la trazada. Como resultado de un alto crecimiento continuo en la utilización de servicios y una acción legislativa para eliminar la reducción en los pagos, los gastos de la Parte B han incrementado más rápidamente de lo que se había estimado y las primas para los beneficiarios han aumentado también.

Existen grupos de médicos que han estado trabajando arduamente para identificar mejores formas para pagar los servicios médicos. Estos buscan identificar formas que apoyan mejor los esfuerzos de los médicos para proveer un cuidado de la más alta calidad sin aumentar los costos totales del cuidado de la salud. CMS continuará trabajando con el Congreso y con los grupos de médicos para proveer un cuidado de la salud de calidad más alta para los beneficiarios sin aumentar los gastos en el Programa de Medicare.

Todos los médicos, profesionales de la salud y suplidores deberán tomar su decisión de participación en Medicare correspondiente al año calendario 2007 para el 14 de febrero de 2007.

Firmar un acuerdo de participación significa convenir aceptar la asignación para todos los servicios cubiertos que usted le provee a pacientes de Medicare durante el año calendario 2007.

¿POR QUÉ PARTICIPAR?

Si usted factura por servicios profesionales médicos, servicios y suministros provistos incidentales a servicios profesionales médicos, servicios ambulatorios de terapia ocupacional y física, pruebas diagnósticas o servicios radiológicos, las cantidades de las tarifas fijas de Medicare para médicos serán 5% más altas si usted participa. Además, los proveedores reciben sus reembolsos directamente y en un tiempo apropiado de parte de Medicare.

Independientemente de los servicios de la Parte B de Medicare que usted factura, por disposición de ley, los proveedores participantes de Medicare pueden disfrutar del privilegio de hacer una sola facturación y que Medicare transfiera los datos de dichos servicios al seguro complementario "Medigap" para el pago de coaseguros y deducibles de los beneficiarios que adquieren dichos seguros. Para ello es necesario que acepten la asignación de pago de Medicare y sean participantes del seguro complementario "Medigap" al cual se hace la transferencia. Con este proceso se evita que el proveedor que acepta la asignación de pago de Medicare y/o el beneficiario tenga que someter una segunda reclamación por los mismos servicios al seguro complementario "Medigap".

La mayoría de los médicos, profesionales de la salud y suplidores han optado por participar en el Programa de Medicare. Durante el año calendario 2006, el 93.0 por ciento de todos los médicos, profesionales de la salud, y suplidores están facturando bajo acuerdos de participación con Medicare.

¿QUÉ HACER?

Si usted opta por ser participante durante el año calendario 2007:

- No haga nada si actualmente es participante, o
- Si actualmente no es participante de Medicare, complete el acuerdo en blanco incluido y envíelo por correo (o una copia de este) a cada contratista de la Parte B a quien usted le somete reclamaciones de la Parte B. (En el formulario indique los nombres y los números de identificación bajo los cuales usted factura.)

Si usted decide no participar durante el año calendario 2007:

- No haga nada si actualmente no es participante, o
- Si actualmente es participante, escríbale a cada contratista de la Parte B a quien le somete reclamaciones indicándole su decisión de terminar el acuerdo de asignación vigente el 14 de febrero de 2007. Esta notificación por escrito debe tener matasellos del correo con fecha previa al 14 de febrero de 2007.

Guarde este anuncio durante este periodo de suscripción. Tal vez querrá referirse a él nuevamente antes de tomar su decisión sobre la participación en el Programa de Medicare.

Esperamos que decida ser participante en Medicare durante el año calendario 2007.

Por favor llámenos si tiene cualquier pregunta o necesita más información sobre la participación.

Announcement

About Medicare Participation for Calendar Year 2007

Medicare's coverage of preventive care is better than ever, and we are taking additional steps in 2007.

In 2007, we will add abdominal aortic aneurysm (AAA) screening to the growing list of preventive services covered by Medicare. As required by the Deficit Reduction Act (DRA), the screening benefit will include a one-time only ultrasound screening for individuals who take advantage of the Initial Preventive Physical Examination ("Welcome to Medicare") benefit, as well as appropriate education, counseling and referral services. We are also implementing a provision in the DRA that exempts the colorectal cancer screening benefit from the Part B deductible, eliminating a potential financial barrier to using this benefit.

In addition, in 2007 we have revised work RVUs for over 400 services to better reflect the work and time required of a physician in furnishing the service and modified the way we calculate the practice expense portion of physician fee schedule payments.

The 2007 physician fee schedule currently includes a negative 5.1 percent update. The negative update is required by law for 2007 because spending on physicians' services and other Part B services has been growing at a much faster rate than target spending. As a result of continued rapid growth in utilization of services, coupled with legislative action to eliminate the payment reductions, Part B spending has increased more rapidly than had been forecast and beneficiary premiums for Part B services have increased as well.

Physician groups have been working hard to identify better ways to pay – ways that better support physician efforts to provide higher-quality care without increasing overall health care costs. CMS will continue to work with Congress and with physician groups to provide higher quality care for beneficiaries without increasing Medicare spending.

All physicians, practitioners and suppliers must make their calendar year (CY) 2007 Medicare participation decision by February 14, 2007.

To sign a participation agreement is to agree to accept assignment for all covered services that you provide to Medicare patients in CY 2007.

WHY PARTICIPATE?

If you bill for physicians' professional services, services and supplies provided incident to physicians' professional services, outpatient physical and occupational therapy services, diagnostic tests, or radiology services, your Medicare fee schedule amounts are 5 percent higher if you participate. Also, providers receive direct and timely reimbursement from Medicare.

Regardless of the Medicare Part B services for which you are billing, participants have "one stop" billing for beneficiaries who assign both their Medicare and Medigap payments to participants. Beneficiaries with Medigap coverage (private supplemental insurance) may assign the payment on the supplemental claim to the provider or supplier. Under the current mandatory Medigap (claim-based) crossover process, beneficiaries must assign payment on their claims to a participating provider or supplier as a condition for their claims to be forwarded to their Medigap insurer for payment of all coinsurance and deductible amounts due under the Medigap policy. The Medigap insurer, in turn, must pay the participating provider or supplier directly, thereby relieving the need of having to file a second claim.

The majority of physicians, practitioners and suppliers have chosen to participate in Medicare. During CY 2006, 93.0 percent of all physicians, practitioners and suppliers are billing under Medicare participation agreements.

WHAT TO DO

If you choose to be a participant in CY 2007:

- Do nothing if you are currently participating, or
- If you are not currently a Medicare participant, complete the blank agreement enclosed and mail it (or a copy) to each carrier to which you submit Part B claims.

(On the form show the name(s) and identification number(s) under which you bill.)

If you decide not to participate in CY 2007:

- Do nothing if you are currently not participating, or
- If you are currently a participant, write to each carrier to which you submit claims, advising of your termination effective February 14, 2007. This written notice must be postmarked prior to February 14, 2007.

Hold onto this announcement during this enrollment period. You may want to refer to it again before making your decision regarding Medicare participation for CY 2007.

We hope you will decide to be a Medicare participant in CY 2007.

Please call if you have any questions or need further information on participation.

Key Medicare News for 2007 for Physicians and Other Health Care Professionals

Provider Types Affected

Physicians and health care professionals and their staff who bill Medicare carriers

Introduction

This Special Edition article is being provided to keep you, the Medicare physician and health care professional, informed about important Medicare initiatives and new Medicare benefits available in Calendar Year (CY) 2007.

As you once again make your decision to enroll in or terminate enrollment in the Medicare participation program, the Centers for Medicare & Medicaid Services (CMS) would like to take this opportunity to review some important news for 2007. CMS believes this information provides significant benefits to providers and their Medicare patients. It encourages providers to enroll or stay in the Medicare participation program in order to take full advantage of the upcoming changes.

Information You Need to Know

National Provider Identifier (NPI) - Get it! Share it! Use it!

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) mandated that the Secretary of Health and Human Services adopt a standard unique health identifier for health care providers. As such, health care providers who are covered entities under HIPAA need to apply for a *National Provider Identifier (NPI)*. The NPI replaces all of the health care provider identifiers you use today (such as UPIN, OSCAR, Provider Identification Number (PIN), and National Supplier Clearinghouse or NSC) in standard health care transactions.

This NPI (a ten-digit number) is permanent, remains with you regardless of job or location changes, and eliminates the need to use different identification numbers to identify yourself when conducting HIPAA standard transactions with multiple

health plans or at multiple locations. For Medicare to pay you for your services after May 23, 2007, you must get the NPI.

Currently, providers can submit their NPI on electronic claims to CMS and CMS will use a new crosswalk system to validate the NPI against legacy numbers. Soon, CMS plans to begin testing that new software that has been developed to use the National Provider Identifier (NPI) in the existing Medicare fee-for-service claims processing systems. Providers have until May 23, 2007, before you are required to submit claims with only an NPI.

Until testing is complete within the Medicare processing systems, CMS urges providers to continue submitting Medicare fee-for-service claims in one of two ways:

- Use your legacy number, such as your PIN or UPIN; or
- Use both your NPI and your legacy number.

Until testing of the new software that uses the NPI in the Medicare systems is complete and until further notice from CMS, the following may occur if you submit Medicare claims with only an NPI:

- Claims may be processed and paid, or
- Claims for which Medicare systems are unable to properly match the incoming NPI with a legacy number (e.g., PIN) may be rejected to the provider, and then you will need to resubmit the claim with the appropriate legacy number.

On May 23, 2007, the NPI will become the only means Medicare will use in identifying you in all standard transactions. All former numbers, often called legacy numbers, which you use to identify yourself to Medicare will be replaced by your new NPI. The NPI will also replace the numbers you use in communicating with other payers as well. All HIPAA-covered entities except small health plans must begin using NPIs in standard transactions by May 23, 2007 (small health plans have until May 23, 2008). You can learn more about the NPI by going to <http://www.cms.hhs.gov/NationalProvidentstand/> on the CMS website.

Physician Voluntary Reporting Program (PVRP)

In January 2006, CMS launched the PVRP as part of its overall quality improvement efforts. PVRP builds on Medicare's comprehensive efforts to substantially improve the health and function of our beneficiaries by:

- Preventing chronic disease complications;

- Avoiding preventable hospitalizations; and
- Improving the quality of care delivered.

Physicians who choose to participate in this voluntary reporting program will help capture data about the quality of care provided to Medicare beneficiaries. This enables CMS to identify the most effective ways to use the quality measures in routine practice and to support overall physician efforts to improve quality of care.

From the total number of 36 physician and medical specialty society endorsed, evidence-based, clinically valid measures, CMS has currently identified a core starter set of 16 PVRP measures you can use as the program begins.

You can download these measures (which were updated on July 1, 2006) by going to <http://www.cms.hhs.gov/PVRP/> on the CMS website. The next measure update is scheduled for January 2007. You can learn more about the PVRP by going to <http://www.cms.hhs.gov/PVRP/>, and if you have questions about the PVRP, you can direct them to pvrp@cms.hhs.gov.

In December 2006, CMS will begin providing you with confidential feedback reports to allow you to assess your reporting and performance rates for the PVRP measures that you've submitted data on. In addition, CMS will also begin to reach out to you on how to improve the reporting process. Ultimately, these feedback reports are intended to help all physicians improve their data accuracy and reporting rate.

Medicare Contracting Reform

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA, Section 911) requires CMS to implement Medicare Contracting Reform by October 2011. Medicare Contracting Reform will bring standard contracting principles to Medicare, such as competition and performance incentives that the government has long applied to other federal programs under the Federal Acquisition Regulation.

With full implementation, CMS will replace its current claims payment contractors - Fiscal Intermediaries and carriers - with new contract entities called Medicare Administrative Contractors (MACs). CMS believes the full implementation of the MACs will mean better service to providers and beneficiaries.

CMS plans to award a total of 23 MAC contracts, fifteen of which will be with A/B MACs that will administer both the Part A and Part B work, currently being handled by Fiscal Intermediaries (FI) and carriers, in 15 designated geographical jurisdictions.

Four home health/hospice MACs will perform work currently performed by Regional Home Health Intermediaries (RHHIs) in four designated geographical jurisdictions, and four Durable Medical Equipment (DME) MACs will perform the work previously performed by the Durable Medical Equipment Regional Carriers (DMERCs). The four designated geographical jurisdictions for the DME MACs correspond to the jurisdictions of the home health/hospice MACs.

CMS announced on January 6, 2006, that it had awarded four MAC contracts for the administration of the DME claims workload, with each award being for a distinct geographical jurisdiction. Protests were filed concerning two of the DME MAC awards. The DME MACs whose awards were not protested, National Heritage Insurance Company as DME MAC for Jurisdiction A and AdminaStar Federal as DME MAC for Jurisdiction B, became operational effective July 1, 2006, assuming full responsibility for servicing suppliers billing for services in their respective jurisdictions.

The protest of the award of Jurisdiction D DME MAC was denied and Noridian Administrative Services assumed full responsibility for the Jurisdiction D DME MAC workload on September 30, 2006. The protest of the Jurisdiction C DME

MAC award was sustained, requiring CMS to take corrective action that resulted in a return to an active procurement for the offerors in the competitive range. As a result, on September 28, 2006, CMS awarded the DME MAC contract for Jurisdiction C to CIGNA. However, on October 6, 2006, another protest was filed. CMS expects a ruling from the Government Accountability Office (GAO) on that protest by January 16, 2007. Until GAO delivers that ruling, implementation for Jurisdiction C is suspended.

On July 31, 2006, CMS announced it awarded the first contract for a Part A/Part B MAC (A/B MAC) to Noridian Administrative Services (NAS). NAS will be the A/B MAC for Jurisdiction 3 (J3), comprised of Arizona, Montana, North Dakota, South Dakota, Utah, and Wyoming. It will immediately begin implementation activities and will assume full responsibility for the work no later than March 2007.

For the most current information available, including the acquisition schedule for each MAC jurisdiction, visit the Medicare Contracting Reform Web Page at

<http://www.cms.hhs.gov/medicarereform/contractingreform> on the CMS website.

Medicare Prescription Drug Coverage

Beginning January 1, 2006, Medicare Prescription Drug Coverage became available to all people with Medicare. As of June 2006, over 32 million beneficiaries have enrolled in the program. Individuals who did not join for 2006 may enroll for 2007 beginning on November 15, 2006. You can learn more about this program by going to

http://www.cms.hhs.gov/PrescriptionDrugCovGenin/01_Overview.asp#TopOfPage on the CMS website.

Competitive Acquisition Program for Certain Drugs

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA, Section 303 (d)) requires the implementation of a Competitive Acquisition Program (CAP) for Medicare Part B drugs and biologicals not paid on a cost or prospective payment system (PPS) basis. Physicians are given a choice between buying and billing these drugs under the Average Sales Price (ASP) system or selecting a Medicare-approved CAP vendor that will supply these drugs.

Each year, Medicare physicians will be given an opportunity to elect to participate in the CAP. Those who do participate will obtain drugs through CAP vendors; the vendors will bill Medicare for the administered drug and the vendors will bill the beneficiary for any applicable co-insurance or deductible.

designated carrier, responsible for vendor enrollment, processing CAP drug claims, answering inquiries, and conducting dispute resolution. BioScrip, Inc. (<http://www.bioscrip.com>) has been selected as the vendor for the initial phase of CAP.

The 2007 CAP physician election period will take place from October 1, 2006, to November 15, 2006. The CAP Physician Election Agreement form and additional details about the physician election period are available at http://www.cms.hhs.gov/CompetitiveAcquisforBios/02_infophys.asp#TopOfPage.

All physicians and physician groups who plan to participate in the CAP in 2007 must submit an election form to their local carrier or A/B MAC on an annual basis. This requirement applies to physicians who are not yet participating in the CAP, physicians who are participating in the CAP and who wish to reelect to participate in the CAP, and physicians who wish to terminate their participation in the CAP effective December 31, 2006. Physicians who are not participating in the CAP and do not want to participate in the CAP are not required to fill out the Physician Election Agreement form or to take any other action.

You can learn more about the CAP by going to http://www.cms.hhs.gov/CompetitiveAcquisforBios/01_overview.asp#TopOfPage on the CMS website. Competitive Acquisition Program for Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS)

Section 302 of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) (Pub. L. 108-173) authorizes the Secretary to utilize our competitive acquisition authority, as outlined in the U.S. Code Section 1847(a).

Section 302(b)(1) of the Medicare Modernization Act, requires Medicare to replace the current durable medical equipment (DME) payment methodology for certain items with a competitive acquisition process to improve the effectiveness of its methodology for setting DME payment amounts. This new bidding process will establish payment amounts for certain DME, enteral nutrition, and off-the-shelf orthotics. Competitive bidding provides a way to harness marketplace dynamics to create incentives for suppliers to provide quality items and services in an efficient manner and at reasonable cost.

The Medicare DME Competitive Bidding Program has five objectives:

1. To operationalize competitive bidding for DME and to use this to determine appropriate prices for categories of DME covered by Medicare Part B;
2. To protect beneficiary access to quality DME throughout the program;
3. To reduce the amount Medicare pays for DMEPOS and bring the reimbursement amount more in line with that of a competitive market;
4. To limit the burden on beneficiaries by reducing their out-of-pocket expenses;
and
5. To mitigate proliferation of use of certain items of DMEPOS by contracting with suppliers who engage in a business model that is beneficial for the program and for Medicare beneficiaries.

In the coming months CMS will be publishing more information and resources related to this provision.

Medicare Physician Fee Schedule Database

CMS projects that it will pay approximately \$61.5 billion to 875,000 physicians and other health care professionals in 2007 under a recently released proposed rule that would revise payment rates and policies under the Medicare Physician Fee Schedule. Next year, for example, under this proposal preventive services will continue to expand.

For example, abdominal aortic aneurysm (AAA) screening will be added to the growing list of preventive services covered by Medicare. In addition, the colorectal cancer screening benefit would be exempted from the Part B deductible, eliminating a potential financial barrier to using this benefit. Also, the number of beneficiaries who qualify for bone mass measurement due to long time steroid therapy would be expanded.

Under the proposed rule, diabetes outpatient self-management training and medical nutrition therapy services would be added to the list of covered and separately payable services included in the Federally Qualified Health Center benefit. This is intended to make these services more available to beneficiaries in underserved areas, whether rural or urban.

The Medicare law includes a statutory formula that will require CMS to implement an expected minus 5.1% update in payment rates for physician-related services. This formula compares the actual rate of growth in spending to a target rate, which is based on such factors as the growth in number of Medicare fee-for-service

beneficiaries and statutory or regulatory changes in benefits. If the actual rate of growth exceeds the target rate, the update is decreased; if it is less, the update is increased.

The negative update is projected for 2007 because spending on physicians' services and other Part B services has been growing at a much faster rate than target spending. Expenditures for physicians' services in 2005 increased 10% over 2004, even faster than had been previously projected. This was mainly due to an increase in the number and complexity (or volume and intensity) of services furnished to Medicare beneficiaries, including more frequent and intensive office visits and rapid growth in the use of imaging techniques, laboratory services, and physician-administered drugs. Physician-related expenditures are also a principal contributing factor to the projected growth of Part B services in 2006 of 10.6%.

Revised Medicare Enrollment Form (CMS-855)

In May, 2006, CMS instituted a revised enrollment form (CMS-855) to be used by physicians and providers wishing to enroll in the Medicare program. (Details about the new form and the key changes for physicians are summarized in *MLN Matters* article SE0632, available at

<http://www.cms.hhs.gov/MLNMattersArticles/downloads/SE0632.pdf> on the CMS website.) *Please note that as a result of this new form, you will be required to submit the NPI notification letter issued to you by the NPI Enumerator when enrolling (with the CMS-855), making changes to your enrollment information, or changing your participation status (using CMS-460 form) with Medicare. (See the MLN Matters article, SE0634 (Facilitating your Medicare Enrollment), for more details. This article is posted at <http://www.cms.hhs.gov/MLNMattersArticles/downloads/SE0634.pdf> on the CMS website.)*

Remittance Advice Print Software

During 2006, CMS made software available, through its Medicare carriers, to physicians that enable them to efficiently receive and print their electronic remittance advice.

Information on this software is available in *MLN Matters* article SE0611 at <http://www.cms.hhs.gov/MLNMattersArticles/downloads/SE0611.pdf> on the CMS website.

Medicare Contractor Provider Satisfaction Survey (MCPSS)

CMS would like to provide a channel for you to voice your opinions about the services you receive from your Fee-for-Service (FFS) claims-payment contractors. The Medicare Contractor Provider Satisfaction Survey (MCPSS) is the vehicle designed to garner objective, quantifiable data on provider satisfaction with the performance of the Contractors. The MCPSS is one of the tools CMS will use to carry out the measurement of satisfaction levels, as a result of the Medicare Modernization Act (MMA) of 2003. Specifically, the survey will enable CMS to gauge provider satisfaction with key services performed by the 42 contractors that process and pay more than \$280 billion in Medicare claims each year. Those Medicare contractors will use the results to improve their service to you.

The CY 2006 administration of MCPSS was sent to more than 25,000 providers randomly selected, including physicians, suppliers, health care practitioners and institutional facilities that serve Medicare beneficiaries across the country. *The 2006 MCPSS results revealed that 85 percent of respondents rated their contractors between 4 and 6 on a 6-point scale.* Overall, scores for physicians averaged 4.6. Key predictors of satisfaction with carrier contractors included provider inquiries and claims processing. For more detail information on the results, please visit <http://www.cms.hhs.gov/mcpss/>.

MCPSS will be administered on an annual basis. MCPSS will be distributed to a new sample of Medicare providers in January 2007. CMS urges you, if selected, to participate in the MCPSS to complete and return the surveys. The view of every Medicare physician and health care professional asked to participate are very important to the success of this study, as each one represents many other organizations that are similar in size, practice type and geographical location.

INSTRUCTIONS

For the Medicare Participating Physician and Supplier Agreement (CMS-460)

To sign a participation agreement is to agree to accept assignment for all covered services that you provide to Medicare patients.

WHY PARTICIPATE?

If you bill for physicians' professional services, services and supplies provided incident to physicians' professional services, outpatient physical and occupational therapy services, diagnostic tests, or radiology services, your Medicare fee schedule amounts are 5 percent higher if you participate. Also, providers receive direct and timely reimbursement from Medicare.

Regardless of the Medicare Part B services for which you are billing, participants have "one stop" billing for beneficiaries who have Medigap coverage not connected with their employment and who assign both their Medicare and Medigap payments to participants. After we have made payment, Medicare will send the claim on to the Medigap insurer for payment of all coinsurance and deductible amounts due under the Medigap policy. The Medigap insurer must pay the participant directly.

Currently, the large majority of physicians, practitioners and suppliers are billing under Medicare participation agreements.

WHEN THE DECISION TO PARTICIPATE CAN BE MADE:

- Toward the end of each calendar year, all Medicare carriers have an open enrollment period. The open enrollment period generally is from mid-November through December 31. During this period, providers who are currently enrolled in the Medicare Program can change their current participation status beginning the next calendar year on January 1. This is the only time these providers are given the opportunity to change their participation status. These providers should contact their local Medicare carrier to learn where to send the agreement, and get the exact dates for the open enrollment period when the agreement will be accepted.
- New physicians, practitioners, and suppliers can sign the participation agreement and become a Medicare participant at the time of their enrollment into the Medicare Program. The participation agreement will become effective on the date of filing; i.e., the date the participant mails (post-mark date) the agreement to the carrier or delivers it to the carrier.

Contact your Medicare carrier to get the exact dates the participation agreement will be accepted, and to learn where to send the agreement.

WHAT TO DO DURING OPEN ENROLLMENT:

If you choose to be a participant:

- Do nothing if you are currently participating, or
- If you are not currently a Medicare participant, complete the blank agreement (CMS-460) and mail it (or a copy) to each carrier to which you submit Part B claims. (On the form show the name(s) and identification number(s) under which you bill.)

If you decide not to participate:

- Do nothing if you are currently not participating, or
- If you are currently a participant, write to each carrier to which you submit claims, advising of your termination effective the first day of the next calendar year. This written notice must be postmarked prior to the end of the current calendar year.

WHAT TO DO IF YOU'RE A NEW PHYSICIAN, PRACTITIONER OR SUPPLIER:

If you choose to be a participant:

- Complete the blank agreement (CMS-460) and submit it with your Medicare enrollment application to your carrier.
- If you have already enrolled in the Medicare program, you have 90 days from when you are enrolled to decide if you want to participate. If you decide to participate within this 90-day timeframe, complete the CMS-460 and send to your carrier.

If you decide not to participate:

- Do nothing. All new physicians, practitioners, and suppliers that are newly enrolled are automatically non-participating. You are not considered to be participating unless you submit the CMS-460 form to your carrier.

We hope you will decide to be a Medicare participant.

Please call the Medicare carrier in your jurisdiction if you have any questions or need further information on participation.

DO NOT SEND YOUR CMS-460 FORM TO CMS, SEND TO YOUR CARRIER. IF YOU SEND YOUR FORMS TO CMS, IT WILL DELAY PROCESSING OF YOUR CMS-460 FORMS.

To view updates and the latest information about Medicare, or to obtain telephone numbers of the various carrier contacts including the carrier medical directors, please visit the CMS web site at <http://www.cms.hhs.gov/>.
