Announcement About Medicare Participation for Calendar 2003

We have great news to share with physicians and other practitioners throughout the country. As you know, CMS was scheduled to implement a negative 4.4 percent update effective March 1, 2003. CMS worked with Congress for many months in an effort to correct a defect in the formula generated in part by unanticipated changes in economic conditions. We are pleased to announce that Congress has acted – this flaw will be corrected and, instead of a negative 4.4 percent update, we will implement a positive 1.6 percent update effective March 1, 2003.

Medicare remains a lifeline to millions of seniors and disabled Americans, and your commitment and participation in the Medicare program make this lifeline possible. We hope that you will keep this in mind as you make your decision regarding your participation in 2003.

All physicians and practitioners now have until April 14, 2003, to make their 2003 Medicare participation decisions.

As stated above, the 2003 Participation Enrollment Period is being extended an additional 45 days from March 1, 2003 to April 14, 2003, in order to allow physicians/practitioners an opportunity to make changes to their participation status. The participation period is the period of time in which providers can elect to participate in Medicare or to change their enrollment status. Any change in the participation status made **during this period (March 1, 2003 to April 14, 2003) will be effective March 1, 2003**. Any change to the participation status made **before March 1, is effective back to January 1, 2003**.

Reminder: Claims paid under the Medicare Physician Fee Schedule (MPFS) with dates of service January 1 through February 28, 2003, that are processed after March 1, will pay at the new 2003 rate. However, these claims containing 2003 MPFS services will be automatically adjusted in July 2003 (January 1 through February 28, 2003, MPFS services are subject to the 2002 payment rate). Please note that some overpayments may result due to these adjustments and they will be recouped using normal procedures. Calendar year 2003 payment amounts for all services not under the MPFS are effective January 1, 2003.

What to Do:

If you choose to participate of the new enrollment period (March 1 to December 31, 2003)

- Do nothing if you are currently participating, or
- If you are not currently a Medicare participant, complete the blank agreement enclosed and mail it (or a copy) to each carrier to which you submit Part B claims. (On the form show the name(s) and identification number(s) under which you bill.)

If you decide not to participate during this period:

- Do nothing if you are currently not participating, or
- If you are currently a participant, write each carrier to which you submit claims, advising of your termination effective March 1, 2003. This written notice must be postmarked at the latest April 14, 2003.

Hold onto this announcement during this enrollment period. You may want to refer to it again before making your decision regarding Medicare participation

We hope you will decide to be a Medicare participant. Please call 1-877-715-1921 if you have any questions or need further information on participation.

2003 FACT SHEET

FOR PHYSICIANS AND OTHER PROVIDERS:

KEY NEWS FROM MEDICARE FOR 2003

BILLING AND BUSINESS STAFF: PLEASE SHARE THIS WITH PHYSICIANS AND OTHER PROVIDERS.

1. Good News: No Flu Vaccine Shortages or Delays Anticipated

The Centers for Disease Control and Prevention (CDC) report that they do not anticipate influenza vaccine shortages or delays. Manufacturers of the vaccine are currently meeting their production goals. To date, 94.9 million doses have been produced, which exceeds the 87.7 million doses that were produced in the 2001-02 influenza season. The vaccine is expected to be available in October. Influenza vaccine for the 2002-03 influenza season is still available for purchase. Health care providers who have not ordered influenza vaccine should do so as soon as possible to ensure timely receipt of the vaccine. We also note that Medicare payment for administration of the flu vaccine will be increasing in 2003.

2. Immunization Administration

CPT code 90471 is used for immunization administration and CPT code 90472 is used for each additional vaccine. Payment under the physician fee schedule for CY 2003 will nearly double for CPT code 90471 and will be slightly reduced for CPT code 90472. Since CPT code 90472 must be billed in conjunction with CPT code 90471, the total payment for these procedures will increase when billed together.

3. Now is the Time to Become HIPAA Compliant

Two major Administrative Simplification provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) go into effect in 2003. Compliance with the privacy regulations is required beginning April 14, 2003 and the last date for compliance with the standard transactions and code sets regulations is October 16, 2003. In addition, as part of the Administrative Simplification Compliance Act (ASCA), Medicare will not

accept paper claims after October 16, 2003; however, there are a few exceptions to this provision, including for small providers and for providers having no method available to submit claims electronically.

Now is the time to ensure you will be ready! The Department of Health and Human Services has resources available. Visit the Web site at www.cms.hhs.gov/hipaa. Your Medicare carrier or fiscal intermediary can also provide you with information about the transactions and code sets standards and can help you begin to test your HIPAA transactions early to ensure you are compliant.

4. Medicare and You 2003

The national edition of Medicare and You 2003 will be available for order after October 1, 2002. Call 1-800-MEDICARE (1-800-633-4227) to request up to 25 copies, or fax an order to 410-786-1905 for more than 25 copies.

5. Medicare Physician Web Site

A physician Web page is now available on the CMS Web site at <http://cms.hhs.gov/physicians/>. The page includes links to general information on enrollment, billing, conditions of participation, publications, education, training, data, and statistics. There are also links to specific information on the physician fee schedule, the Practicing Physicians Advisory Council (PPAC), the Physician Regulatory Issues Team (PRIT), Medicare payments, and the participating physician directory. We continue to work on improvements and will be soliciting feedback to make the page as comprehensive and as easy to navigate as possible.

6. Relevant Medicare Patient Brochures that May be of Interest to Physicians

There are a variety of brochures that physicians might find helpful to address frequently asked coverage-related questions. These include: Medicare and Your Mental

Health Benefits (Publication #10184), Women with Medicare: Visiting Your Doctor for a Pap Test, Pelvic Exam, and Clinical Breast Exam (Publication #02248), Medicare Preventive Services: To Help Keep You Healthy (Publication # 10110) and Choosing Long-Term Care: A Guide for People with Medicare (Publication #02223). Publications newly available this year includes: Medicare Coverage of Diabetes Supplies and Services (Publication# 11022) and Medicare Coverage of Ambulance Services (Publication # 11021-will be available late Fall). A complete listing of all publications for beneficiaries is available at www.medicare.gov. Many publications are available in different languages and formats including: Braille, Spanish, Chinese, Audiocassette, and Large Print. To order copies for your office, fax your request to (410) 786-1905, and include the name of a contact person, phone number, and mailing address (No P.O Boxes please).

7. **Medicare Learning Network Website**

The Medicare Learning Network Web site, which is located at <http://cms.hhs.gov/medlearn>, is the Internet gateway to all of the educational information, products and services that are created by CMS and its contractors. This Web site allows Medicare providers to quickly obtain information they need to successfully navigate the Medicare program. It provides: quick reference guides, Web-based training modules, videos, publications, training materials, provider education events with on-line registration, questions and answers, and links to Medicare contractors. Bookmark and visit the Medicare Learning Network Web site frequently as it is continually being updated to bring you the most accurate and up-to-date information possible.

8. **Medicare Coverage Information**

Medicare's coverage rules are written in many types of documents located across multiple Web sites. Currently, National Coverage Determinations (NCDs) are located on cms.hhs.gov; Local Medical Review Policies (LMRPs) are located on lmp.net; and contractor articles and Frequently Asked

Questions (FAQ's) are located on individual contractor Web sites. The CMS has undertaken an effort to build a single access to Medicare coverage information. When finished, the cms.hhs.gov Web site will allow users to search across NCDs, LMRPs, and contractor articles/FAQs from a single point of entry. The Web site pages will be released in December 2002.

9. **Advance Beneficiary Notices (ABNs)**

The new ABN standard form, CMS R 131, has been published and must be used on and after October 1, 2002. For replicable ABN forms and information on how to properly use an ABN, see our ABN Quick Reference Guide on our Medlearn Web site at <http://cms.hhs.gov/medlearn/refabn.asp>.

10. **Drugs Furnished Incident to a Physician's Professional Services**

We allow payment for certain injectable drugs furnished incident to a physician's service if the drug is not usually self-administered by Medicare beneficiaries. Contact your local carrier for more information.

11. **Filing of Appeals on Initial Claim Determinations**

As mandated by section 521 of the Benefits Improvement and Protections Act of 2000, effective October 1, 2002, physicians and other suppliers that wish to appeal an initial claim determination must file their appeal within 120 days of the initial determination. This represents an increase of 60 days for an appeal of a Medicare Part A claim and a decrease of 60 days for an appeal of a Medicare Part B claim.

12. **CMS Publishes Nursing Home Quality Measures**

In April 2002, CMS started publishing new nursing home quality measures on its consumer Web site at Nursing Home Compare on www.medicare.gov. The release was initially limited to six pilot states and starting in October will be expanded nationally. The quality data will enable beneficiaries, their caregivers, and families to choose nursing homes based, in part, on information relevant to both long (chronic) and short stays (typically Medicare-

covered). The measures represent the best available science and include risk adjustment methodology. This quality data is one source of information for consumers to use in choosing a nursing home. We encourage consumers to review the other data on the nursing home site, and to visit nursing homes in person before selection. Additionally, quality improvement organizations in each State will be assisting nursing homes to use the data to implement quality improvement strategies. For more information about the pilot go to the www.cms.hhs.gov Web site, specifically the Nursing Home Quality Initiative.

13. Data Will Help Home Health Agencies Improve Care

The CMS is implementing the Outcomes Based Quality Improvement (OBQI) System for Home Health Agencies (HHAs). The CMS contractors will offer HHAs OBQI training and technical assistance that will assist HHAs in interpreting outcome reports, target outcomes for improvement, and develop and implement plans to improve these outcomes. The CMS will maintain a Home Health OBQI Clearinghouse Web site at www.obqi.org which will contain continuously updated literature, and administrative and clinical enhancements to home health care.

Other Physician Fee Schedule Information

Revisions to the 2003 Medicare Physician Fee Schedule affect the amount you will receive when providing services to a Medicare beneficiary. Below is a summary of the major changes effective January 1, 2003, as well as other useful information. Full physician fee schedule information is attached.

14. Medicare Qualifications For Clinical Nurse Specialists

The definition of a clinical nurse specialist (CNS) has been revised to include individuals certified as a clinical nurse specialist by a national certifying body that has established standards for clinical nurse specialists and that is approved by the Secretary. This revision is consistent with the certification criteria for

nurse practitioners and will potentially enable CNSs who specialize in fields such as oncology, critical care, or rehabilitation to qualify as a CNS for Medicare purposes.

15. Telehealth Services

Effective October 1, 2001, Medicare Part B coverage was expanded to include office or other outpatient visits, professional consultation, individual psychotherapy, and pharmacologic management via telehealth in rural Health Professional Shortage Areas and non Metropolitan Statistical Area Counties. A process has been established, as required by the law, to add or delete services to the list of Medicare telehealth services included in the physician fee schedule. In addition, a psychiatric diagnostic interview examination has been added to the list of Medicare telehealth services for CY 2003.

16. Enrollment of Physical and Occupational Therapists as Therapists in Independent Practice

We have revised the regulations at §§410.59 and 410.60 to allow enrollment of therapists as physical or occupational therapists in private practice when they are employed by physician groups. We believe that this reflects actual practice patterns, will permit more flexible employment opportunities for therapists and also increases beneficiaries' access to therapy services, particularly in rural areas.
