### **Sobre Participación en Medicare para el Año Calendario 2009**

Medicare continúa promoviendo el acceso a servicios de salud más eficientes y de la más alta calidad, mediante los servicios que prestan los médicos de la nación a los beneficiarios de Medicare bajo el Manual de Tarifa Fija de Medicare para Médicos (MPFS por sus siglas en inglés) de 2009.

Durante el 2009, estaremos implementando varias estipulaciones ordenadas por el “Medicare Improvements for Patients and Providers Act” (MIPPA) del 2008 que tendrán un impacto en los pagos que se efectúan bajo el MPFS, incluyendo:

- Aumentar las tarifas de pago promedio a médicos por un 1.1% para el 2009.
- Extender el sistema de Reporte de Calidad de los médicos y aumentar el pago del incentivo un 2% por reportar satisfactoriamente medidas de calidad durante el periodo de reporte de 2009.
- La inclusión del pago de un incentivo de 2% para los médicos que someten recetas electrónicamente con éxito durante el periodo de reporte de 2009.

Este será el primer año de un programa de 5 años establecido por MIPPA bajo el cual los médicos que utilizan la tecnología de recetas electrónicas (“e-prescribing”) pudiesen ser elegibles para el pago de un bono a base de servicios cubiertos provistos durante el periodo del año de reporte. El pago de incentivos, según se señala antes, está disponible cada año del programa (2% para el 2009-2010, 1% para el 2011-2012, y 0.5% para el año 2013). Sin embargo, comenzando en el año 2012, se aplicará una penalidad, en la forma de una reducción porcentual en las Tarifas Fijas de Medicare para médicos, que aplicará a aquellos médicos que no utilicen recetas electrónicas exitosamente (1% en 2012, 1.5% en 2013, y 2% en 2014). Las recetas electrónicas pueden brindar muchos beneficios a los médicos y a sus pacientes. Por ejemplo, el acceso electrónico al historial de recetas de cada paciente ayuda a que el médico evite recetar medicamentos que podrían resultar en reacciones adversas a medicamentos, mientras que las transmisiones electrónicas eliminan la posibilidad de errores en la medicación causados por la escritura ilegible. Más aún, el acceso a información del seguro médico y del formulario en el punto de cuidado también permite que los médicos receten medicamentos cubiertos y de precios accesibles, con el resultado de menos viajes a la farmacia.

Los Centros de Servicio de Medicare & Medicaid (CMS por sus siglas en inglés) continuará trabajando con el Congreso de los Estados Unidos y con los médicos en el diseño de un sistema que proveerá pagos estables y predecibles para asegurar servicios de salud de mayor calidad para los beneficiarios de Medicare, sin que se aumente el gasto de Medicare.

Además, es posible que CMS publique información sobre médicos que se mantiene en el “Performance Measurement and Reporting System” (PMRS), Sistema de Récords (SOR por sus siglas en inglés) número 09-70-0584, según enmendado, a fin de mejorar la calidad y eficiencia de los servicios de salud prestados y permitirle a los consumidores tomar decisiones más informadas sobre servicios de salud. Esto incluye la publicación en un sitio Web de los nombres de aquellos médicos que reportan data sobre medidas de calidad a través del “Physician Quality Reporting Initiative” y el uso de recetas electrónicas. Puede encontrar más información sobre el Sistema de Récords (SOR) del PMRS en el siguiente enlace: <http://www.cms.hhs.gov/PrivacyActSystemofRecords/downloads/0584.pdf>.

### **Costos de Responsabilidad Profesional**

Como usted bien tiene conocimiento, los costos de responsabilidad profesional han aumentado significativamente para muchos médicos durante los últimos cinco años. Medicare compensa por una porción de estos costos mediante la revisión periódica de los valores relativos del seguro de responsabilidad profesional de las Tarifas Fijas de Medicare para Médicos. Los programas de mediación y arreglos tales como el “Alternative Dispute Resolution” (ADR) pudiesen ser una alternativa para resolver reclamaciones de lesiones y están permitidos bajo el programa de Medicare, siempre que se aplique a todos los pacientes que usted atiende (pacientes privados, asegurados de la industria privada o asegurados del gobierno).

CMS recomienda que usted explore las opciones ADR y evalúe si, en su situación, éstas pueden utilizarse para brindar alternativas significativas para resolver reclamaciones de responsabilidad médica. En muchos de los casos, si no es que en todos, los programas ADR se iniciarían mediante un contrato privado voluntario entre el paciente y el proveedor del paciente o el seguro de salud acordado antes del tratamiento. Por favor, comuníquese con su proveedor de seguro de responsabilidad profesional, su sociedad médica estatal, o su sociedad profesional para más información sobre el ADR para que le ayuden a decidir si debe implementarlo en su práctica profesional. En los meses venideros, el Departamento de Salud y Servicios Humanos (HHS, por sus siglas en inglés), brindará más información sobre estas alternativas a los proveedores de servicios de salud.

### **¿POR QUÉ DEBO PARTICIPAR?**

Todos los médicos, profesionales de la salud y suplidores deberán tomar su decisión de participación en Medicare correspondiente al año calendario 2009, para el 31 de diciembre de 2008. Firmar un acuerdo de participación significa convenir aceptar la asignación para todos los servicios cubiertos que usted le provee a pacientes de Medicare durante el año calendario 2008. La mayoría de los médicos, profesionales de la salud y suplidores han elegido participar en Medicare. Durante el año calendario 2008, el 94.6 por ciento de todos los médicos, profesionales de la salud y suplidores están facturando bajo acuerdos de participación con Medicare.

Si usted factura por servicios profesionales médicos, servicios y suministros provistos incidentales a servicios profesionales médicos, servicios ambulatorios de terapia ocupacional y física, pruebas diagnósticas o servicios radiológicos, las cantidades de las tarifas fijas de Medicare para médicos serán 5% más altas si usted participa. Además, los proveedores reciben sus reembolsos directamente y en un tiempo apropiado de parte de Medicare.

Independientemente de los servicios de la Parte B de Medicare que usted factura, los proveedores participantes de Medicare pueden disfrutar del privilegio de hacer una sola facturación para los beneficiarios que asignan tanto sus pagos de Medicare como los de Medigap a los participantes. Los

beneficiarios con cobertura Medigap (seguro complementario privado) pueden asignar el pago de la reclamación complementaria al proveedor o al suplidor. Bajo el proceso mandatario actual de transferencia de reclamaciones Medigap (“claim-based crossover process”) los beneficiarios tienen el deber de asignar el pago de sus reclamaciones a un proveedor o suplidor participante como condición para que sus reclamaciones se les transfieran a su asegurador Medigap para el pago de todas las cantidades de coaseguros y deducibles pagaderos bajo la póliza de Medigap. A su vez, la aseguradora Medigap debe pagarle al proveedor o suplidor participante directamente, de esa manera se evita la necesidad de tener que someter una segunda reclamación.

### **¿QUÉ DEBO HACER?**

Si usted opta por ser participante durante el año calendario 2009:

- No haga nada si actualmente es participante, o
- Si actualmente no es participante de Medicare, complete el acuerdo en blanco incluido y envíelo por correo (o una copia de este) a cada contratista a quien usted le somete reclamaciones de la Parte B. (En el formulario indique los nombres y los números de identificación bajo los cuales usted factura.)

Si usted decide no participar durante el año calendario 2009:

- No haga nada si actualmente no es participante, o
- Si actualmente es participante, escríbale a cada contratista de la Parte B a quien le somete reclamaciones indicándole su decisión de terminar el acuerdo de asignación vigente el 1 de enero de 2009. Esta notificación por escrito debe tener matasellos del correo con fecha previa al 1 de enero de 2009.

Guarde este anuncio durante este periodo de suscripción. Tal vez querrá referirse a él nuevamente antes de tomar su decisión sobre la participación en el Programa de Medicare para el año calendario 2009.

Esperamos que decida ser participante de Medicare durante el año calendario 2009.

Por favor llame a Triple-S, Inc. si tiene cualquier pregunta o necesita más información sobre la participación.

## Announcement

### About Medicare Participation for Calendar Year 2009

Medicare continues to promote access to higher quality and more efficient health care delivered by the nation's physicians to people with Medicare under the 2009 Medicare Physician Fee Schedule (MPFS).

In 2009, we are implementing many provisions mandated by the Medicare Improvements for Patients and Providers Act (MIPPA) of 2008 that impact payment under the MPFS including:

- Increasing average physician fee schedule rates by 1.1 percent for 2009.
- Extending the physician quality reporting system and increasing the incentive payment to 2% for satisfactorily reporting quality measures during the 2009 reporting period.
- Providing a 2% incentive payment to successful electronic prescribers during the 2009 reporting period.

This will be the first year of a five-year program established by MIPPA under which physicians who use e-prescribing technology may be eligible for a bonus based on the covered services furnished during the reporting year. Incentive payments, as noted above, are available each year of the program (2% for 2009 – 2010, 1% for 2011-2012, and 0.5% for 2013). Starting in 2012, however, a penalty, in the form of a percentage reduction in the Medicare physician fee schedule payment, applies to those physicians who are not successful electronic prescribers (1% in 2012, 1.5% in 2013, and 2% in 2014). E-prescribing can provide many benefits for physicians and their patients. For example, electronic access to each patient's prescription history helps physicians avoid prescribing drugs that may result in harmful drug interactions, while electronic transmission eliminates the possibility of medication errors caused by illegible handwriting. Furthermore, access to insurance and formulary information at the point of care also allows physicians to prescribe a covered and affordable drug, resulting in fewer trips to the pharmacy.

CMS will continue to work with Congress and with physicians on a system that will provide predictable and stable payments that will ensure higher quality care for beneficiaries without increasing Medicare spending.

In addition, CMS may publicly report physician information that is maintained in the "Performance Measurement and Reporting System (PMRS)," system of records (SOR) number 09-70-0584, as amended, in order to improve the quality and efficiency of health care delivery and enable consumers to make more informed health care decisions. This includes posting on an Internet website the names of those physicians who report data on quality measures through the

Physician Quality Reporting Initiative and e-prescribing usage. More information about the PMRS SOR is available at

<http://www.cms.hhs.gov/PrivacyActSystemofRecords/downloads/0584.pdf>.

### **Professional Liability Costs**

As you are well aware, professional liability costs have significantly increased for many physicians over the past five years. Medicare compensates for a portion of this through periodic revisions to the physician fee schedule professional liability insurance relative values. Mediation programs and arrangements such as Alternative Dispute Resolution (ADR) can be a way to resolve injury claims and are permissible under the Medicare program as long as they are applied to all patients (private pay, private insurance, or public insurance) that you treat.

CMS encourages you to explore ADR options and evaluate whether, in your situation, they can be used to provide meaningful alternatives for resolving medical liability claims. Many, if not all, ADR programs would be initiated via voluntary, private contract between the patient and the patient's provider or health plan agreed to before treatment. Please contact your professional liability insurance carrier, your state medical society, or your professional society for more information about ADR to assist you in deciding whether to implement it in your practice. In the coming months, the Department of Health and Human Services will supply health care providers with further information on these alternatives.

### **WHY PARTICIPATE?**

All physicians, practitioners and suppliers must make their calendar year (CY) 2009 Medicare participation decision by December 31, 2008. To sign a participation agreement is to agree to accept assignment for all covered services that you provide to Medicare patients in CY 2009. The majority of physicians, practitioners and suppliers have chosen to participate in Medicare. During CY 2008, 94.6 percent of all physicians, practitioners and suppliers are billing under Medicare participation agreements.

If you bill for physicians' professional services, services and supplies provided incident to physicians' professional services, outpatient physical and occupational therapy services, diagnostic tests, or radiology services, your Medicare fee schedule amounts are 5 percent higher if you participate. Also, providers receive direct and timely reimbursement from Medicare.

Regardless of the Medicare Part B services for which you are billing, participants have "one stop" billing for beneficiaries who assign both their Medicare and Medigap payments to participants. Beneficiaries with Medigap coverage (private supplemental insurance) may assign the payment on the supplemental claim to the provider or supplier. Under the current mandatory Medigap (claim-based) crossover process, beneficiaries must assign payment on their claims to a participating provider or supplier as a condition for their claims to be forwarded to their Medigap insurer for payment of all coinsurance and deductible amounts due under the Medigap policy. The Medigap insurer, in turn, must pay the participating provider or supplier directly, thereby relieving the need of having to file a second claim.

### **WHAT TO DO**

If you choose to be a participant in CY 2009:

- Do nothing if you are currently participating, or
- If you are not currently a Medicare participant, complete the blank agreement enclosed and mail it (or a copy) to each carrier or A/B Medicare Administrative Contractor (A/B MAC) which you submit Part B claims. (On the form show the name(s) and identification number(s) under which you bill.)

If you decide not to participate in CY 2009:
