Legislative Change to the Update Factor for the 2007 Medicare Physician Fee Schedule and Extension of the Participating Enrollment Period

CMS has issued the following MLN Matters article. Information for Medicare Fee-for-Service Health Care Professionals.

Provider Types Affected

Physicians and providers submitting claims to Medicare contractors (carriers, fiscal intermediaries (FIs), including regional home health intermediaries (RHHIs), and Part A/B Medicare administrative contractors (A/B MACs) for services provided to Medicare beneficiaries, which are paid based on the MPFS.

What You Need to Know

This article is based on change request (CR) 5448. The Tax Relief and Health Care Act of 2006 changes the update to the 2007 conversion factor for services paid under the Medicare Physician Fee Schedule (MPFS), and this change is effective for services provided on or after January 1, 2007.

The Tax Relief and Health Care Act of 2006 set the 2007 conversion factor for physician payment at the same level as in 2006 (\$37.8975), **reversing** the statutorily mandated 5.0 percent negative update. However, it does not maintain 2007 physician payments at 2006 levels. There are a number of other factors that affect payment rates for 2007.

Other changes adopted in the physician fee schedule final rule that affect 2007 payment rates include changes in the practice expense RVU-setting methodology, refinements to the practice expense RVUs, re-weighting of geographic adjustment factors, limits on payments for imaging services required by the Deficit Reduction Act, and other annual refinements including coding changes.

Both the Centers for Medicare & Medicaid Services (CMS) and your local Medicare contractor will display the resulting new fees on its website no later than December 31, 2006. (FCSO posted the revised 2007 fees on December 20, 2006, including the PAR/NONPAR, and limiting charge rates.) The revised fees under the 2007 MPFS will be effective for services provided on or after January 1, 2007.

The change to the 2007 MPFS will also result in an extension of the participation enrollment period to February 14, 2007. Therefore, the participation enrollment period runs from November 15, 2006, through February 14, 2007. The effective date for any participation change is January 1, 2007.

Physicians who wish to sign an agreement and become participating (Par) physicians can access the Par Agreement (CMS-460 form) from the CD, which was mailed to all physicians last November. Physicians can also request the CMS-460 form from their local Medicare contractor. Existing Par physicians who no longer wish to be Par must notify their Medicare contractor in writing of their decision to terminate their Par agreement. Physicians who change their Par status during the extension period should begin to submit claims based on their new Par status.

Background

Based on the new Tax Relief and Health Care Act of 2006, CR 5448 emphasizes the following:

- 1) Change to the 2007 MPFS rates;
- 2) Capability of Medicare contractors to begin processing claims for services paid under the MPFS with the new fees beginning January 2, 2007; and
- 3) Extension of the participation enrollment period to February 14, 2007.

The implementation date of this instruction is January 2, 2007.

Note: Services not paid under the MPFS (e.g., durable medical equipment (DME), clinical lab, etc) are not impacted by this instruction, and claims containing those services will also be processed beginning January 2, 2007.

In addition, Medicare contractors will:

- Have hard copies of the new 2007 MPFS to mail to those physicians/practitioners that do not have ready Internet access and request a copy;

- Not charge providers requesting hard copy 2007 MPFS who do NOT have ready Internet access;
- Charge a reasonable fee for mailing hard copies of the 2007 MPFS to providers who do have ready Internet access but want a hard copy for convenience;
- Accept any participation changes made during the extended enrollment period that are received or post-marked by February 14, 2007. All participation changes are effective January 1, 2007; and
- Load their updated local Medicare Participating Physician/Supplier Directories (MEDPARDs) to their websites within 30 days following the close of the extended enrollment period.

HOW TO READ THE 2007 LOCALITY FEE SCHEDULE FOR PHYSICIANS AND NONPHYSICIANS

The 2007 locality fee schedule updates the 2006 locality fee schedule. Fees for injectable drugs, prevailing fees, carrier priced codes (codes for which the carrier develops pricing), noncovered and bundled procedure codes **are not** included with the locality fee schedule. These procedure codes and fees will be published in a special edition of the *Medicare B Update!*

The locality fee schedule is designed to advise physicians, nonphysician practitioners, and suppliers whose payments are linked to the fee schedule of how much Medicare will allow for covered services paid from the physician fee schedule. The locality fee schedule also informs nonparticipants how much they can legally charge when filing an unassigned claim beginning January 1, 2007. Medicare's allowed amount is the lower of the actual charge or the fee schedule amount. The services are listed by *CPT* and Level II (alpha-numeric) procedure codes and modifiers, where applicable. The 2006 HCPCS coding update was used. A brief explanation of each field on the form follows:

PAR ANESTHESIA	These are the physician anesthesia conversion factors for participating providers for services rendered on or after January 1, 2007.
NONPAR ANESTHESIA	These are the physician anesthesia conversion factors for nonparticipating providers for services rendered on or after January 1, 2007. The conversion factors for nonparticipating providers are 5% less than those for participating providers.
NON-MEDICALLY DIRECTED CRNA	These are the non-medically directed anesthesia conversion factors for Certified Registered Nurse Anesthetists (CRNAs) for services rendered on or after January 1, 2007. For 2007 the conversion factors for non-medically directed CRNAs are identical to the participating physician conversion factors.
CODE/MOD	The procedure code and modifier (if applicable) used to document the service rendered. Procedure codes which can be defined into separate professional, technical, or global components will have a 26 modifier denoting the professional component and a TC modifier denoting the technical component. For procedures with no modifier, this indicates one of two things; either the entry with no modifier represents the GLOBAL component for a procedure code which can be defined as global, professional, or technical; or that the procedure by descriptor represents either a technical, a professional, or a global service which cannot be further defined with separate components.
PAR FEE SCHEDULE	This is the physician fee schedule amount for participating providers for a service rendered on or after January 1, 2007. For 2007, the Medicare Fee Schedule is calculated at the full fee schedule amount.
NONPAR FEE SCHEDULE	This is the physician fee schedule amount for nonparticipating providers for a service rendered on or after January 1, 2007. Fee schedule amounts for nonparticipating providers are 5% less than those for participating providers. The 5% participating versus nonparticipating payment differential, previously applicable only to physician fee schedule services billed by a physician, now applies to all services paid for under the physician fee schedule, regardless of what entity bills for the service.
LIMITING CHARGE	For providers who are nonparticipating effective January 1, 2007 or after, this amount represents the limit that can legally be charged on an unassigned claim to Medicare beneficiaries. Such limits are not applicable to charges made by participating physicians, nor for any services billed on an assigned basis by nonparticipating physicians. Limiting Charges are not used to determine the payment allowance, but are intended to minimize beneficiary liability on unassigned claims. For 2007, limiting charges are calculated at 115% of the nonparticipating fee schedule amount, rounded to the nearest penny. Please note that the 115% amount is a cap. Where special payment reductions are used in calculating the actual allowed amount, the limiting charge is equal to 115% of the calculated allowed amount.
LOCALITY	The geographic area based on the location of your practice. For 2007 Florida maintains three (3) payment localities (01/02, 03, 04). A listing of the counties reflecting each payment locality is provided for your information.
FACILITY FEE SCHEDULE	(Formerly referred to as site of service) Fee schedule and limiting charge amounts shown with the single asterisk () indicate the facility fee payment amount. These services are primarily rendered in an inpatient or outpatient hospital setting, emergency room-hospital, ambulatory surgical center, skilled nursing facility, inpatient psychiatric facility, and comprehensive inpatient or outpatient rehabilitation facility.
NON-FACILITY FEE SCHEDULE	Fee schedule and limiting charge amounts shown without an asterisk (*) indicate the nonfacility fee payment amount. These services are primarily rendered in the physician's office or laboratory.

MEDICARE PART B SPECIALTY DISCLOSURE

Specialty 05 Anesthesiology Fee Screen Year 2007 Effective January 1, 2007

The conversion factors for use in calculating payment for anesthesia services (procedure codes 00100 through 01999) for calendar year 2007 are as follows:

LOCALITY	PARTICIPATING PHYSICIAN	NONPARTICIPATING PHYSICIAN
01/02	16.43	15.61
03	17.20	16.34
04	18.19	17.28

The conversion factors for 2007 for **non-medically directed** Certified Registered Nurse Anesthetists (CRNAs) are identical to the participating physician anesthesia conversion factors for each payment locality.

The conversion factors for 2007 for **medically directed** CRNAs (for both physician medical direction and medically directed CRNAs) are based on 50 percent of the sum of the anesthesia base units and time units, multiplied by the appropriate participating physician locality conversion factor (i.e., 50% of the sum of (base units + time units) X locality conversion factor = anesthesia allowance). The medical direction 50% payment policy applies if both a CRNA (or anesthesia assistant) and an anesthesiologist are involved with the same case.

The **limiting charge** for **unassigned anesthesia services** is determined as follows:

Step 1 Determine the allowance for the anesthesia service

Use this formula for physician personally performed services -
(base units + time units) X nonparticipating physician locality conversion factor

Use this formula for the physician's claim* for physician medical direction services -
[.5 X (base units + time units)] X nonparticipating physician locality conversion factor

Step 2 Multiply the result of the above calculation by 1.15 to determine limiting charge.

**Note: limiting charge does not apply to CRNA or anesthetist claims; assignment is mandatory on these claims.*
