### Physician Fee Schedule Proposed Rule: Understanding 3 Key Topics Listening Session — August 12

Monday, August 12 from 1-2:30 pm ET

[Register](#) for Medicare Learning Network events.

Proposed changes to the CY 2020 Physician Fee Schedule are aimed at reducing burden, recognizing clinicians for the time they spend taking care of patients, removing unnecessary measures, and making it easier for clinicians to be on the path towards value-based care. During this listening session, CMS experts briefly cover three provisions from the proposed rule and address your clarifying questions to help you formulate your written comments for formal submission:

- Increasing value of Evaluation and Management (E/M) payments
- Continuing to improve the Quality Payment Program by streamlining the program's requirement's in order to reduce clinician burden
- Creating the new Opioid Treatment Program benefit in response to the opioid epidemic

We encourage you to review the following materials prior to the call:

- [Proposed rule](#)
- [Press release](#)
- [Physician Fee Schedule proposed rule fact sheet](#)
- [Quality Payment Program proposed rule fact sheet](#)

Note: Feedback received during this listening session is not a substitute for your formal comments on the rule. See the [proposed rule](#) for information on submitting these comments by September 27.

**Retired LCDs****Fulvestrant (Faslodex®) -- retired Part A and Part B LCD**

**LCD ID number: L33998 (Florida, Puerto Rico/ U.S. Virgin Islands)**

Based on data analysis review of the local coverage determination (LCD) for fulvestrant (Faslodex®), it was determined that it is no longer required and therefore, is being retired.

**Effective date**

The retirement of this LCD is effective for services rendered **on or after July 31, 2019**.

LCDs are available through the CMS Medicare coverage database at:

<https://www.cms.gov/medicare-coverage-database/overview-and-quick-search.aspx>.

A billing and coding article for an LCD (when present) may be found by selecting "Related Local Coverage Documents" in the "Section Navigation" drop-down menu at the top of the LCD page.

**Note:** To review active, future and retired LCDs, please [click here](#).

**Monitored anesthesia care (MAC) for certain interventional pain management services -- retired Part A and Part B LCD**

**LCD ID number: L33595 (Florida, Puerto Rico/ U.S. Virgin Islands)**

Based on data analysis review of the local coverage determination (LCD) for monitored anesthesia care (MAC) for certain interventional pain management services, it was determined that it is no longer required and therefore, is being retired.

**Effective date**

The retirement of this LCD is effective for services

rendered **on or after July 27, 2019**. LCDs are available through the CMS Medicare coverage database at <https://www.cms.gov/medicare-coverage-database/overview-and-quick-search.aspx>.

A billing and coding article for an LCD (when present) may be found by selecting "Related Local Coverage Documents" in the "Section Navigation" drop-down menu at the top of the LCD page.

**Note:** To review active, future and retired LCDs, please [click here](#).

**Revisions to LCDs****Vitamin D; 25 hydroxy, includes fraction(s), if performed -- revision to the Part A and Part B LCD**

**LCD ID number: L33771 (Florida, Puerto Rico/ U.S. Virgin Islands)**

Based on change request (CR) 10901, the local coverage determination (LCD) for vitamin D; 25 hydroxy, includes fraction(s), if performed, was revised to remove all billing and coding information as well as all language not related to reasonable and necessary provisions ("Bill Type Codes," "Revenue Codes," "CPT®/HCPCS Codes," "ICD-10 Codes that Support Medical Necessity," "Documentation Requirements," and "Utilization Guidelines" sections of the LCD) and place them into a newly created billing and coding article. Also, during the process of moving the ICD-10-CM diagnosis codes to the billing and coding article, the ICD-10-CM diagnosis code ranges were broken out and listed individually. In addition, the Centers for Medicare & Medicaid Services (CMS) Internet-Only Manual (IOM) language has been removed from the "Limitations" section

of the LCD and instead, the IOM citation related to this language is referenced.

**Effective date**

This LCD revision is effective for claims processed **on or after January 8, 2019**, for services rendered **on or after October 3, 2018**.

LCDs are available through the CMS Medicare coverage database at <https://www.cms.gov/medicare-coverage-database/overview-and-quick-search.aspx>.

A billing and coding article for an LCD (when present) may be found by selecting "Related Local Coverage Documents" in the "Section Navigation" drop-down menu at the top of the LCD page.

**Note:** To review active, future and retired LCDs, please [click here](#).

## Diagnostic colonoscopy -- revision to the Part A and Part B LCD

### LCD ID number: L33671 (Florida, Puerto Rico/ U.S. Virgin Islands)

Based on review of the local coverage determination (LCD) and related billing and coding article for diagnostic colonoscopy, typographical and formatting errors were identified and corrected. Also, the “Bibliography” section of the LCD was updated to be consistent with American Medical Association (AMA) formatting.

#### Effective date

This LCD revision is effective for services rendered **on or after July 30, 2019**.

LCDs are available through the CMS Medicare coverage database at <https://www.cms.gov/medicare-coverage-database/overview-and-quick-search.aspx>.

A billing and coding article for an LCD (when present) may be found by selecting “Related Local Coverage Documents” in the “Section Navigation” drop-down menu at the top of the LCD page.

**Note:** To review active, future and retired LCDs, please [click here](#).

## Intravenous immune globulin -- revision to the Part A and Part B LCD

### LCD ID number: L34007 (Florida, Puerto Rico/ U.S. Virgin Islands)

Based on change request (CR) 11295, the local coverage determination (LCD) for intravenous immune globulin was revised to add ICD-10-CM diagnosis codes D80.2, D80.3, D80.4, D80.6, D80.7, D81.5, D82.1, D82.4, D83.1 and G11.3 to the “ICD-10 Codes that Support Medical Necessity/Group 1 Codes:” section of the LCD.

#### Effective date

This LCD revision is effective for services rendered **on or**

**after August 13, 2019**. LCDs are available through the CMS Medicare coverage database at <https://www.cms.gov/medicare-coverage-database/overview-and-quick-search.aspx>.

A billing and coding article for an LCD (when present) may be found by selecting “Related Local Coverage Documents” in the “Section Navigation” drop-down menu at the top of the LCD page.

**Note:** To review active, future and retired LCDs, please [click here](#).

## 3D interpretation and reporting of imaging studies -- revision to the Part A and Part B LCD

### LCD ID number: L33256 (Florida, Puerto Rico/ U.S. Virgin Islands)

Based on change request (CR) 10901, the local coverage determination (LCD) for 3D interpretation and reporting of imaging studies, if performed was revised to remove all billing and coding information as well as all language not related to reasonable and necessary provisions (“Bill Type Codes”, “Revenue Codes”, “CPT®/HCPCS Codes”, “ICD-10 Codes that Support Medical Necessity”, “Documentation Requirements” and “Utilization Guidelines” sections of the LCD) and place them into a newly created billing and coding article. Also, during the process of moving the ICD-10-CM diagnosis codes to the billing and coding article, the ICD-10-CM diagnosis code ranges were broken out and listed individually. In addition, the Centers for Medicare & Medicaid Services (CMS) Internet-

Only Manual (IOM) language has been removed from the “Limitations” section of the LCD and instead, the IOM citation related to this language is referenced.

#### Effective date

This LCD revision is effective for claims processed **on or after January 8, 2019**, for services rendered **on or after October 3, 2018**. LCDs are available through the CMS Medicare coverage database at <https://www.cms.gov/medicare-coverage-database/overview-and-quick-search.aspx>.

A billing and coding article for an LCD (when present) may be found by selecting “Related Local Coverage Documents” in the “Section Navigation” drop-down menu at the top of the LCD page.

**Note:** To review active, future and retired LCDs, please [click here](#).

## Upcoming provider outreach and educational events

### Medicare quarterly updates (Part A)

Date: September 10

Time: 10 a.m. - 11:30 a.m. ET

Type of Event: Webcast

<https://medicare.fcso.com/Events/0437028.asp>

### View our complete calendar of events

<https://medicare.fcso.com/Events/139814.asp>

**Note:** Unless otherwise indicated, designated times for educational events are stated as ET, and the focus is to Florida, Puerto Rico, and the U.S. Virgin Islands.

### Two easy ways to register

**Online** – Visit our provider training website at [First Coast University](https://www.fcso.edu), log on to your account and select the course you wish to register. Class materials are available under “My Courses” no later than one day before the event.

**First-time User?** Set up an account by completing [Create User Account Form](#) online. Providers who do not have yet a national provider identifier may enter “99999” in the NPI field. You will receive logon information within 72 hours of your request.

**Fax** – Providers without internet access may request a fax registration form through our Registration Hotline at 1-904-791-8103. Class materials will be faxed to you the day of the event.

#### Please Note:

- Pre-registration is required for all teleconferences, webcasts and in-person educational seminars.
- Dates and times are subject to change prior to opening of event registration.

Registrant's Name: \_\_\_\_\_

Registrant's Title: \_\_\_\_\_

Provider's Name: \_\_\_\_\_

Telephone Number: \_\_\_\_\_ Fax Number: \_\_\_\_\_

Email Address: \_\_\_\_\_

Provider Address: \_\_\_\_\_

City, State, ZIP Code: \_\_\_\_\_

Keep checking our website, [medicare.fcso.com](https://medicare.fcso.com), for details and newly scheduled educational events (teleconferences, webcasts, etc.).

### Never miss a training opportunity

If you or your colleagues were unable to attend one of our past Medicare educational webcasts, you still have the opportunity to learn about the topics covered during the training session. Visit the First Coast Medicare training website, download the recording of the event, and listen to the webcast when you have the time.

### Take advantage of 24-hour access to free online training

In addition to live training events, we also offer you the advantage of self-paced, free online courses that will allow you and your staff to train when and where it is most convenient for you. In addition, our comprehensive course catalog allows you to find the Medicare training that fits your specific needs, and several of our online courses offer CEUs. Learn more on the First Coast Medicare training website and explore our catalog of online courses.

The Centers for Medicare & Medicaid Services (CMS) *MLN Connects*® is an official *Medicare Learning Network*® (MLN) – branded product that contains a week's worth of news for Medicare fee-for-service (FFS) providers. CMS sends these messages weekly to national health industry provider associations, who then disseminates the *MLN Connects*® to its membership as appropriate.

## MLN Connects® -- Special Edition for July 29, 2019

### CMS Provider Education Message:

- PFS: Proposed Policy, Payment, and Quality Provisions Changes for CY 2020
- Medicare OPPS and ASC Payment System CY 2020 Proposed Rule
- ESRD and DMEPOS CY 2020 Proposed Rule

### PFS: Proposed Policy, Payment, and Quality Provisions Changes for CY 2020

On July 29, CMS issued a proposed rule that includes proposals to update payment policies, payment rates, and quality provisions for services furnished under the Medicare Physician Fee Schedule (PFS) on or after January 1, 2020. This proposed rule is one of several proposed rules that reflect a broader Administration-wide strategy to create a health care system that results in better accessibility, quality, affordability, empowerment, and innovation. It also includes proposals to streamline the Quality Payment Program with the goal of reducing clinician burden. This includes a new, simple way for clinicians to participate in our pay-for-performance program, the Merit-based Incentive Payment System (MIPS), called the MIPS Value Pathways.

The proposed rule also includes:

- CY 2020 PFS rate setting and conversion factor
- Medicare telehealth services
- Payment for evaluation and management services
- Physician supervision requirements for physician assistants
- Review and verification of medical record documentation
- Care management services
- Comment solicitation on opportunities for bundled payments
- Medicare coverage for opioid use disorder treatment services furnished by opioid treatment programs
- Bundled payments for substance use disorders
- Therapy services
- Ambulance services
- Ground ambulance data collection system
- Open Payments Program
- Medicare Shared Savings Program
- Stark advisory opinion process.

For additional information:

- [Proposed Rule](#): Public comments due by September 27
- [Press Release](#)
- [PFS Proposed Rule Fact Sheet](#)

- [Quality Payment Program Proposed Rule fact Sheet](#)

See the full text of this excerpted [Fact Sheet](#) (Issued July 29).

### Medicare OPPS and ASC Payment System CY 2020 Proposed Rule

On July 29, CMS proposed policies that follow directives in President Trump's Executive Order, entitled "Improving Price and Quality Transparency in American Health Care to Put Patients First," that lay the foundation for a patient-driven health care system by making prices for items and services provided by all hospitals in the United States more transparent for patients so that they can be more informed about what they might pay for hospital items and services.

The proposed changes also encourage site-neutral payment between certain Medicare sites of services. Finally, the proposed rule proposes updates and policy changes under the Medicare Hospital Outpatient Prospective Payment System (OPPS) and Ambulatory Surgical Center (ASC) Payment System. The proposed policies in the CY 2020 OPPS/ASC Payment System proposed rule would further advance the agency's commitment to increasing price transparency, (including proposals for requirements that would apply to each hospital operating in the United States), strengthening Medicare, rethinking rural health, unleashing innovation, reducing provider burden, and strengthening program integrity so that hospitals and ambulatory surgical centers can operate with better flexibility and patients have what they need to become active health care consumers.

In accordance with Medicare law, CMS is proposing to update OPPS payment rates by 2.7 percent. This update is based on the projected hospital market basket increase of 3.2 percent minus a 0.5 percentage point adjustment for Multi-Factor Productivity (MFP).

In the CY 2019 OPPS/ASC final rule with comment period, we finalized our proposal to apply the hospital market basket update to ASC payment system rates for an interim period of 5 years (CY 2019 through CY 2023). CMS is not proposing any changes to its policy to use the hospital market basket update for ASC payment rates for CY 2020-2023. Using the hospital market basket, CMS proposes to update ASC rates for CY 2020 by 2.7 percent for ASCs meeting relevant quality reporting requirements. This change is based on the projected hospital market basket increase of 3.2 percent minus a 0.5 percentage point adjustment for MFP.

This change will also help to promote site neutrality between hospitals and ASCs and encourage the migration of services from the hospital setting to the lower cost ASC setting.

The proposed rule also includes:

- Proposed definition of 'hospital,' 'standard charges,' and 'items and services'

See **SPECIAL EDITION**, page 9

## SPECIAL EDITION

from page 8

- Proposed requirements for making public all standard charges for all items and services
- Proposed requirements for making public consumer-friendly standard charges for a limited set of 'shoppable services'
- Proposals for monitoring and enforcement
- Method to control for unnecessary increases in utilization of outpatient services
- Changes to the Inpatient Only list
- ASC covered procedures list
- High-cost/low-cost threshold for packaged skin substitutes
- Device pass-through applications
- Addressing wage index disparities
- Changes in the level of supervision of outpatient therapeutic services in hospitals and critical access hospitals
- Hospital Outpatient Quality Reporting Program
- Ambulatory Surgical Center Quality Reporting Program
- CY 2020 OPPOS payment methodology for 340B purchased drugs
- Partial Hospitalization Program rate setting and update to per diem rates
- Revision to the organ procurement organization conditions for certification
- Potential changes to the organ procurement organization and transplant center regulations: Request for Information

For more information:

- [Proposed Rule](#): Public comments due by September 27
- [Press Release](#)

See the full text of this excerpted [CMS Fact Sheet](#) (issued July 29).

### ESRD and DMEPOS CY 2020 Proposed Rule

On July 29, CMS issued a proposed rule that proposes to update payment policies and rates under the End-Stage Renal Disease (ESRD) Prospective Payment System (PPS) for renal dialysis services furnished to beneficiaries on or after January 1, 2020. This rule also:

- Proposes updates to the Acute Kidney Injury (AKI) dialysis payment rate for renal dialysis services furnished by ESRD facilities to individuals with AKI
- Proposes changes to the ESRD Quality Incentive Program

- Includes requests for information on data collection resulting from the ESRD PPS technical expert panel, on possible updates and improvements to the ESRD PPS wage index, and on new rules for the competitive bidding of diabetic testing strips.

In addition, this rule proposes a methodology for calculating fee schedule payment amounts for new Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) items and services and making adjustments to the fee schedule amounts established using supplier or commercial prices if such prices decrease within five years of establishing the initial fee schedule amounts. This rule would also:

- Make amendments to revise existing policies related to the competitive bidding program for DMEPOS
- Streamline the requirements for ordering DMEPOS items, and create one Master List of DMEPOS items that could potentially be subject to face-to-face encounter and written order prior to delivery and/or prior authorization requirements

The proposed CY 2020 ESRD PPS base rate is \$240.27, an increase of \$5.00 to the current base rate of \$235.27. This proposed amount reflects a reduced market basket increase as required by section 1881(b)(14)(F)(i)(I) of the Act (1.7 percent) and application of the wage index budget-neutrality adjustment factor (1.004180).

The proposed rule also includes:

- Annual update to the wage index
- Update to the outlier policy
- Eligibility criteria for the Transitional Drug Add-on Payment Adjustment (TDAPA)
- Basis of Payment for the TDAPA for calcimimetics
- Average sales price conditional policy for the application of the TDAPA:
- New and innovative renal dialysis equipment and supplies
- Discontinuing the application of the erythropoiesis-stimulating agent monitoring policy
- Impact analysis

For More Information:

## MLN Connects® -- Special Edition for August 2, 2019

- IPPS/LTCH: FY 2020 PPS Final Rule
- IRF: FY 2020 Payment and Policy Changes
- Hospice: FY 2020 Hospice Payment Rate Final Rule

### IPPS/LTCH: FY 2020 PPS Final Rule

On August 2, CMS finalized policy changes to spur competition and innovation that will help deliver improved care and outcomes at a better value to patients. The final rule updates Medicare payment policies for hospitals under the Inpatient Prospective Payment System (IPPS) and the Long-Term Care Hospital (LTCH) Prospective Payment System (PPS) for FY 2020 and advances two key CMS priorities—"Rethinking Rural Health" and "Unleashing Innovation" by making historic changes to how Medicare pays hospitals. This final rule:

- Increases the wage index for certain low-wage index hospitals, including many rural hospitals
- Increases Medicare add-on payments for high cost eligible new technologies from 50-65%
- Clarifies policies on "substantial clinical improvement" to qualify for new technology add on payments
- Provides an alternative pathway where Breakthrough Devices are no longer required to demonstrate evidence of "substantial clinical improvement" to qualify for new technology add-on payments
- Provides an alternative pathway where Qualified Infectious Disease Products are no longer required to meet the "substantial clinical improvement" criteria for technology add-on payments, which are increased from 50 to 75%

For more information:

- [Final Rule](#)
- [Fact Sheet](#)

See the full text of this excerpted [CMS Press Release](#) (Issued August 2).

### IRF: FY 2020 Payment and Policy Changes

On July 31, CMS issued a [final rule](#) that updates Medicare payment policies and rates for facilities under the Inpatient Rehabilitation Facility (IRF) Prospective Payment System (PPS) and the IRF Quality Reporting Program for FY 2020. We are continuing our efforts towards the eventual transition to a unified post-acute care system through updates to the data used for IRF payments, including revising the Case-Mix Groups (CMGs), updating the CMG relative weights and average length of stay values, and using concurrent inpatient prospective payment system

wage index data for the IRF PPS to align wage index data across settings of care.

For FY 2020, CMS is finalizing updates to the IRF PPS payment rates using the most recent data to reflect an estimated 2.5 percent increase factor (reflecting an IRF-specific market basket increase factor of 2.9 percent, reduced by a 0.4 percentage point multifactor productivity adjustment). CMS projects that IRF payments will increase by 2.5 percent (or \$210 million) for FY 2020, relative to payments in FY 2019.

This rule finalizes:

- Rebase and revise the IRF market basket
- Clarification of "rehabilitation physician"
- Two new quality measures

See the full text of this excerpted [CMS Fact Sheet](#) (issued July 31).

### Hospice: FY 2020 Hospice Payment Rate Final Rule

On July 31, CMS issued a final rule that demonstrates continued commitment to strengthening Medicare by better aligning the hospice payment rates with the costs of providing care and increasing transparency so patients can make more informed choices. For FY 2020, hospice payment rates are updated by 2.6 percent (\$520 million increase in their payments). The final hospice cap amount for the FY 2020 cap year will be \$29,964.78, which is equal to the FY 2019 cap amount (\$29,205.44) updated by the final FY 2020 hospice payment update percentage of 2.6 percent. The aggregate cap limits the overall payments per patient made to a hospice annually.

This rule finalizes:

- Rebasing to more accurately align Medicare payments with the costs of providing care
- Modifications to the election statement beginning in FY 2021, increasing coverage transparency for beneficiaries under a hospice election
- Hospice Quality Reporting Program updates, including developing a hospice assessment tool for real-time patient assessments

For More Information:

- [Final Rule](#)
- [Hospice Center](#)
- [Hospice Quality Reporting](#) webpage

## SPECIAL EDITION

from page 1

Target Audience: Medicare Part B fee-for-service clinicians; office managers and administrators; state and national associations that represent health care providers; and other stakeholders.

### OPPS and ASC Proposed Rule Listening Session — August 14

[Register](#) for Medicare Learning Network events.

CMS proposed updates and policy changes under the Medicare Hospital Outpatient Prospective Payment System (OPPS) and Ambulatory Surgical Center (ASC) payment systems, including price and quality transparency that lay the foundation for a patient-driven health care system. During this listening session, CMS experts briefly cover provisions from the proposed rule and address your clarifying questions to help you formulate your written comments for formal submission. Topics include:

- Price transparency: Requirements for all United States hospitals to make their standard charges public
- Increasing choices and encouraging site neutrality, including payments for clinic visits

We encourage you to review the [proposed rule](#), [press release](#), and [fact sheet](#) prior to the call. Note: Feedback received during this listening session is not a substitute for your formal comments on the rule. See the [proposed rule](#) for information on submitting these comments by September 27.

Target Audience: All hospitals operating in the United States and other stakeholders.
