

On November 12, 2003, we posted to our provider education Web site the “Year 2004 Medicare Part B Physician and Non-Physician Practitioner Fee Schedule” book. Since then, President Bush signed the Medicare Prescription Drug, Improvement, and Modernization Act (DIMA) of 2003 on December 8, 2003, that included provisions to increase payment to physicians and other health care professionals for services reimbursed under the Medicare physician fee schedule by an average of more than 1.5 percent for calendar year 2004. These new higher rates become effective January 1, 2004, and replace payment rates published November 12, 2003.

About Medicare Participation for Calendar Year 2004

Medicare remains a lifeline to millions of seniors. Your commitment and participation in the Medicare program makes this lifeline possible. Unfortunately, the 2004 fee schedule currently scheduled for implementation on January 1, 2004, includes a negative update. This negative update is based on a formula in the law. CMS does not have the legal authority to change the formula which produces the negative update. Only Congress can change the law.

Congress is currently debating Medicare reform legislation that would add prescription drug coverage for Medicare beneficiaries. The Administration has worked with Congress to see that this important legislation is enacted. The pending legislation includes a provision that would replace the decrease in physician fee schedule rates with an increase for 2004. At this time, it is unclear when Congress will take final action on this landmark Medicare reform bill. Since Congress has not taken action yet, we are providing you with the new 2004 Medicare physician fee schedule rates that reflect the reduction mandated by the law.

We are hopeful that Congress will act before the end of the year. Despite these uncertainties, we hope that you will choose to participate in the Medicare program in 2004 and into the future. We remain committed to working with Congress to improve the Medicare program and provide prescription drug coverage for Medicare beneficiaries.

All physicians, practitioners and suppliers must make their calendar year (CY) 2004 Medicare participation decision by February 17, 2004.

To sign a participation agreement is to agree to accept assignment for all covered services that you provide to Medicare patients in CY 2004.

WHY PARTICIPATE?

If you bill for physicians' professional services, services and supplies provided incident to physicians' professional services, outpatient physical and occupational therapy services, diagnostic tests, or radiology services, your Medicare fee schedule amounts are 5 percent higher if you participate. Also, providers receive direct and timely reimbursement from Medicare.

Regardless of the Medicare Part B services for which you are billing, participants have "one stop" billing for beneficiaries who have nonemployment-related Medigap coverage and who assign both their Medicare and Medigap payments to participants. After we have made payment, we automatically send the claim on to the Medigap insurer for payment of all coinsurance and deductible amounts due under the Medigap policy. The Medigap insurer must pay the participant directly.

The number of physicians, practitioners and suppliers who choose to participate in Medicare continues to grow. During CY 2003, 91.1 percent of all physicians, practitioners and suppliers are billing under signed Medicare participation agreements - this was a 1.8 percent increase over the number of CY 2002 participants.

WHAT TO DO

If you choose to be a participant in CY 2004:

Do nothing if you are currently participating, or

If you are not currently a Medicare participant, complete the blank agreement enclosed and mail it (or a copy) to each carrier to which you submit Part B claims. (On the form show the name(s) and identification number(s) under which you bill.)

If you decide not to participate in CY 2004:

Do nothing if you are currently not participating, or

If you are currently a participant, write to each carrier to which you submit claims, advising of your termination effective January 1, 2004. This written notice must be postmarked prior to February 17, 2004.

Hold onto this announcement during this enrollment period. You may want to refer to it again before making your decision regarding Medicare participation for CY 2004.

We hope you will decide to be a Medicare participant in CY 2004.

Please call our Provider Customer Service department if you have any questions or need further information on participation.

2004 FACT SHEET

FOR PHYSICIANS, PRACTITIONERS AND SUPPLIERS: NEWS FROM MEDICARE FOR 2004

Billing and business staff: Please share this with physicians and other providers.

1. The Centers for Medicare & Medicaid Services (CMS) is trying to make your life easier

CMS has two initiatives focusing exclusively on Physician and Provider/Supplier issues concerning the Medicare Program. The Open Door initiative conducts monthly conference calls open to everyone in which providers discuss their issues with senior Medicare officials, questions are answered and problems are addressed in real time. More information is available at <http://www.cms.hhs.gov/opendoor/>. The Physicians Regulatory Issues Team (PRIT) is another initiative with a single task, to address the regulatory burden which providers may confront in dealing with Medicare. More information is available at <http://www.cms.hhs.gov/physicians/prit/>

2. Good News: Increase in Administration Rate Allowances and Payment for Influenza and Pneumococcal Vaccines

CMS increased the Medicare reimbursement rate for the administration of influenza and pneumococcal vaccine from a national average of \$3.98 to a national average of \$7.72 effective March 1, 2003 through December 31, 2003—a 94 percent increase. CMS also increased Medicare payment amounts for the vaccines. Influenza vaccine reimbursement increased from \$8.02 to \$9.95—a 32 percent increase. Pneumococcal vaccine reimbursement increased from \$13.10 to \$18.62—a 42 percent increase. The new vaccine reimbursement amount for influenza was effective September 1, 2003. The new vaccine reimbursement amount for pneumococcal was effective October 1, 2003. The Centers for Disease Control and Prevention (CDC) reports that no influenza vaccine shortages or delays are expected. Manufacturers report that production of the 2003-04 influenza vaccine is proceeding satisfactorily and that distribution is expected to occur on or ahead of schedule. CMS urges you to place your vaccine orders as soon as possible to ensure timely receipt.

3. Now Is The Time To Become HIPAA-Compliant

The deadline for compliance with the electronic transaction and code set standards of the Health Insurance Portability and Accountability Act (HIPAA) was October 16, 2003. If you are not ready to bill Medicare using the appropriate HIPAA formats, you should be documenting your progress toward achieving that goal.

The Department of Health and Human Services has determined that HIPAA covered entities may implement contingencies to maintain operations and cash flow. CMS developed a contingency plan for Medicare fee-for-service operations. Under the contingency plan, Medicare will accept HIPAA compliant transactions and continue to accept and send transactions in legacy formats while our trading partners work through issues related to implementing the HIPAA standards. However, this contingency will not be in place forever. Providers must be making a good faith effort to become compliant and be documenting their progress.

CMS is eager to help you through this transition, with free educational materials and testing. Testing with CMS is the best way to assure that you and your business partners can send and receive compliant HIPAA transactions. Medicare contractors are ready and willing to test now! To schedule testing, contact your Medicare carrier or fiscal intermediary. For more HIPAA information, go to <http://www.cms.hhs.gov/hipaa/hipaa2/>.

4. CMS Announces New Restructured Manual System

Beginning October 1, 2003, CMS will transition from a paper-based manual system to a Web-based system. The process includes the streamlining, updating, and consolidating of CMS' various program instructions into an electronic Web-based manual system for all users. However, provision will be made for those users to receive paper copies if they don't have access to the Internet. The new system is called the online CMS Manual System and is located at <http://www.cms.hhs.gov/manuals/>

The new online CMS Manual System will be organized by functional area, (e.g., eligibility, entitlement, claims processing, benefit policy, program integrity). The functional orientation of the new manual will eliminate significant redundancy within the manuals, streamline the updating process, and make information available sooner.

5. Medicare and You 2004

The national edition of Medicare and You 2004 will be available for order after October 1, 2003. Call 1-800-MEDICARE (1-800-633-4227) to request up to 25 copies, or fax an order to 1-410-786-1905 for more than 25 copies.

6. Medicare Physician Web site

A web page designed to meet the Medicare information needs of physicians is available on the CMS Web site at <http://cms.hhs.gov/physicians/>. The page includes links to general information on enrollment, billing, conditions of participation, publications, education, training, data, and statistics. A special feature link on the page is the Medicare Physician Fee Schedule Look-up, an application that allows the user to look up physician service information regarding fee schedule amounts and geographic practice cost indices for every carrier and locality. The web page also includes links to specific information on the Practicing Physicians Advisory Council (PPAC), the PRIT, Medicare payments, and the participating physician directory. CMS continues to work on improving the web page to make it as comprehensive and easy to navigate as possible. CMS welcomes feedback on information to include and other suggestions for improvement.

7. Relevant Medicare Patient Brochures That May Be Of Interest To Physicians

There are a variety of brochures that physicians might find helpful to address frequently asked coverage-related questions. These include: Medicare and Your Mental Health Benefits (Publication #10184), Women with Medicare: Visiting Your Doctor for a Pap Test, Pelvic Exam, and Clinical Breast Exam (Publication #02248), Medicare Preventive Services: To Help Keep You Healthy (Publication #10110), Medicare Coverage of Diabetes Supplies and Services (Publication #11022), and Choos-

ing Long-Term Care: A Guide for People with Medicare (Publication #02223). A complete listing of all beneficiary publications is available at <http://www.medicare.gov/>. Many publications are available in different languages and formats including: Braille, Spanish, Audiocassette, and Large Print. To order copies for your office, fax your request to (410) 786-1905, and include the name of a contact person, phone number, and mailing address (no P.O. Boxes please).

8. Medicare Learning Network Web site

The Medicare Learning Network Web site, which is located at <http://www.cms.hhs.gov/medlearn/>, is the Internet gateway to all of the provider educational information, products and services that are created by CMS and its contractors. This Web site allows Medicare providers to quickly obtain information they need to successfully navigate the Medicare program. It provides: audience-specific web pages, Web-based training modules, videos, publications, training materials, provider education events with on-line registration, questions and answers, and links to Medicare contractors. Bookmark and visit the Medicare Learning Network Web site frequently as it is continually updated to bring you the most accurate and up-to-date information possible.

9. Medicare Coverage Information

In 2002, CMS launched the Medicare Coverage Database, which includes the Local Medical Review Policies (LMRPs) and the National Coverage Determinations (NCDs) on the <http://www.cms.hhs.gov/> Web site. With the addition of a refined, global search capability that was recently added, this database allows users to search across NCDs, LMRPs, and contractor articles/FAQs from a single point of entry. The database can be accessed by going to <http://www.cms.hhs.gov/mcd/search.asp>

10. Advance Beneficiary Notices (ABNs)

The new ABN standard form, CMS-R-131, has been published and must be used on and after January 1, 2003. For replicable ABN forms and information on how to properly use an ABN, please see our ABN Quick Reference Guide located on our Medlearn Web site at <http://cms.hhs.gov/medlearn/refabn.asp>

11. CMS Publishes Nursing Home Quality Measures

New quality data enables beneficiaries, their caregivers, and families to choose nursing homes based, in part, on information relevant to both long (chronic) and short stays (typically Medicare-covered). The measures represent the best available science and include a risk adjustment methodology. This quality data is one source of information for consumers to use in choosing a nursing home. We encourage consumers to review the other data on the nursing home site, and to visit nursing homes in person before selection. Additionally, Quality Improvement Organizations in each state are assisting nursing homes to use the data to implement quality improvement strategies. View this information at Nursing Home Compare at <http://www.medicare.gov/>

12. CMS Publishes Home Health Quality Measures

CMS launched Home Health Compare on its beneficiary Web site, <http://www.medicare.gov/>, in May 2003. Home Health Compare contains detailed information about Medicare-certified home health agencies that were certified as of January 2003. Specific information includes the name, address and phone number of the agency; Medicare-covered services offered by the agency; the agency's initial date of Medicare certification; and type of ownership. In addition, home health quality measures are currently available for home health agencies in Florida, Massachusetts, Missouri, New Mexico, Oregon, South Carolina, West Virginia and Wisconsin. Measures will be available nationwide in late Fall 2003.

13. Electronic Funds Transfer

As part of the CMS' efforts to improve service to you that includes safeguarding and expediting your Medicare payments, we encourage you to take advantage of our electronic funds transfer. You may do so by contacting your Medicare contractor for more details.

Physician Fee Schedule Information

Revisions to the 2004 Medicare Physician Fee Schedule affect the amount you will receive when providing services to a Medicare beneficiary. Below is a summary of some of the major changes effective January 1, 2004. Full physician fee schedule payment information is attached.

14. Definition of Diabetes for the Diabetes Self-Management Training Benefit

At the time CMS published the final rule about the Diabetes Self-Management Training benefit, CMS did not have a definition of diabetes that had been widely accepted. Therefore, CMS established a set of medical conditions to determine who would be eligible to receive the benefit. Since that time, CMS published a definition of diabetes to be used with the Medical Nutrition Therapy (MNT) benefit. The current physician fee schedule regulatory change for Diabetes Self-Management Training uses the definition from the MNT regulation and makes any beneficiary diagnosed with diabetes (Type 1, Type 2 or gestational diabetes using a criteria of a fasting glucose tolerance test greater than or equal to 126 mg/dL) eligible to receive the benefit if other coverage conditions are met. Beneficiaries are no longer required to meet the medical conditions criteria published in the original regulation.

15. Screening Colonoscopy

Effective January 1, 2004, Medicare will make payment for an incomplete screening colonoscopy, HCPCS G0105 with modifier "53" and HCPCS G0121 with modifier "53", at the same rate as an incomplete diagnostic colonoscopy (HCPCS 45378-53). The Medicare carrier(s) will no longer manually price the professional payment for an incomplete screening colonoscopy.

HOW TO READ THE 2004 LOCALITY FEE SCHEDULE FOR PHYSICIANS AND NONPHYSICIANS

The 2004 locality fee schedule updates the 2003 locality fee schedule. Fees for injectable drugs, prevailing fees, carrier priced codes (codes for which the carrier develops pricing), noncovered and bundled procedure codes **are not** included with the locality fee schedule. These procedure codes and fees will be published in a special edition of the *Medicare B Update!* Also enclosed is pertinent information regarding ordering the fee schedule in booklet format, plus a list of Current Procedural Terminology (CPT) and Healthcare Common Procedure Coding System (HCPCS) codes deleted for 2004, and a list of the counties reflecting each payment locality.

The locality fee schedule is designed to advise physicians, nonphysician practitioners, and suppliers whose payments are linked to the fee schedule of how much Medicare will allow for covered services paid from the physician fee schedule. The locality fee schedule also informs nonparticipants how much they can legally charge when filing an unassigned claim beginning January 1, 2004. Medicare's allowed amount is the lower of the actual charge or the fee schedule amount. The services are listed by CPT and Level II (alpha-numeric) procedure codes and modifiers, where applicable. The 2004 HCPCS coding update was used. A brief explanation of each field on the form follows:

PAR ANESTHESIA	These are the physician anesthesia conversion factors for participating providers for services rendered on or after January 1, 2004.
NONPAR ANESTHESIA	These are the physician anesthesia conversion factors for nonparticipating providers for services rendered on or after January 1, 2004. The conversion factors for nonparticipating providers are 5% less than those for participating providers.
NON-MEDICALLY DIRECTED CRNA	These are the non-medically directed anesthesia conversion factors for Certified Registered Nurse Anesthetists (CRNAs) for services rendered on or after January 1, 2004. For 2004, the conversion factors for non-medically directed CRNAs are identical to the participating physician conversion factors.
CODE/MOD	The procedure code and modifier (if applicable) used to document the service rendered. Procedure codes which can be defined into separate professional, technical, or global components will have a 26 modifier denoting the professional component and a TC modifier denoting the technical component. For procedures with no modifier, this indicates one of two things; either the entry with no modifier represents the GLOBAL component for a procedure code which can be defined as global, professional, or technical; or that the procedure by descriptor represents either a technical, a professional, or a global service which cannot be further defined with separate components.
PAR FEE SCHEDULE	This is the physician fee schedule amount for participating providers for a service rendered on or after January 1, 2004. For 2004, the Medicare Fee Schedule is calculated at the full fee schedule amount.
NONPAR FEE SCHEDULE	This is the physician fee schedule amount for nonparticipating providers for a service rendered on or after January 1, 2004. Fee schedule amounts for nonparticipating providers are 5% less than those for participating providers. The 5% participating versus nonparticipating payment differential, previously applicable only to physician fee schedule services billed by a physician, now applies to all services paid for under the physician fee schedule, regardless of what entity bills for the service.
LIMITING CHARGE	For providers who are nonparticipating effective January 1, 2004 or after, this amount represents the limit that can legally be charged on an unassigned claim to Medicare beneficiaries. Such limits are not applicable to charges made by participating physicians, nor for any services billed on an assigned basis by nonparticipating physicians. Limiting Charges are not used to determine the payment allowance, but are intended to minimize beneficiary liability on unassigned claims. For 2004, limiting charges are calculated at 115% of the nonparticipating fee schedule amount, rounded to the nearest penny. Please note that the 115% amount is a cap. Where special payment reductions are used in calculating the actual allowed amount, the limiting charge is equal to 115% of the calculated allowed amount.
LOCALITY	The geographic area based on the location of your practice. For 2004, Florida maintains three (3) payment localities (01/02, 03, 04). A listing of the counties reflecting each payment locality is provided for your information.
FACILITY FEE SCHEDULE	(Formerly referred to as site of service) Fee schedule and limiting charge amounts shown with the single asterisk () indicate the facility fee payment amount. These services are primarily rendered in an inpatient or outpatient hospital setting, emergency room-hospital, ambulatory surgical center, skilled nursing facility, inpatient psychiatric facility, and comprehensive inpatient or outpatient rehabilitation facility.
NON-FACILITY FEE SCHEDULE	Fee schedule and limiting charge amounts shown without an asterisk (*) indicate the non-facility fee payment amount. These services are primarily rendered in the physician's office or laboratory.

MEDICARE PART B SPECIALTY DISCLOSURE

Specialty 05 Anesthesiology Fee Screen Year 2004 Effective January 1, 2004

The conversion factors for use in calculating payment for anesthesia services (procedure codes 00100 through 01999) for calendar year 2004 are as follows:

LOCALITY	PARTICIPATING PHYSICIAN	NONPARTICIPATING PHYSICIAN
01/02	17.78	16.89
03	18.60	17.67
04	19.74	18.75

The conversion factors for 2004 for **non-medically directed** Certified Registered Nurse Anesthetists (CRNAs) are identical to the participating physician anesthesia conversion factors for each payment locality.

The conversion factors for 2004 for **medically directed** CRNAs (for both physician medical direction and medically directed CRNAs) are based on 50 percent of the sum of the anesthesia base units and time units, multiplied by the appropriate participating physician locality conversion factor (i.e., 50% of the sum of (base units + time units) X locality conversion factor = anesthesia allowance). The medical direction 50% payment policy applies if both a CRNA (or anesthesia assistant) and an anesthesiologist are involved with the same case.

The **limiting charge** for **unassigned anesthesia services** is determined as follows:

Step 1 Determine the allowance for the anesthesia service

Use this formula for physician personally performed services -
(base units + time units) X nonparticipating physician locality conversion factor

Use this formula for the physician's claim* for physician medical direction services -
[.5 X (base units + time units)] X nonparticipating physician locality conversion factor

Step 2 Multiply the result of the above calculation by 1.15 to determine limiting charge.

**Note: limiting charge does not apply to CRNA or anesthetist claims; assignment is mandatory on these claims.*
